PROPOSAL TO MERGE RAIL MANAGERIES OUTLINED BY BEATTY

C.P.R. President Tells Senate Committee Unification Suggestion Made in National Interest and Inevitable—Officials of Company Giving Details of Estimated Savings

OTTAWA, May 25 (P).—A proposal for unification of the Canadian Pacific and Canadian National Railways, aimed at solving Canada's railway problem and relieving the debt burden, was presented to the special Senate railway committee yesterday by Sir Edward Beatty, C.P.R. president, in a 9,000-word brief.

"The only reason for accepting unification is that it is in the national interest, and it is in the national interest because every measure which will reduce the cost of carrying on the vital task of transportation in Canada is in the national interest," Sir Edward said in his statement which he read to the committee.

"It is in the national interest, because the public finances of this country need relief that I have come to the conclusion that unification cannot be avoided."

LOSS OF IDENTITY
"I have never welcomed unification. The Canadian Pacific is a highly developed organization and an object of pride to all its officers and employees. Under unification it will lose its identity—and that is a real loss to those of us who have spent a lifetime in its service."

"Even with the acute competition given by what I consider has been an unwise venture of the state into the railway field, I still believe that the Canadian Pacific can survive as an independent institution."

"Far from eagerness, as many critics have it, to seize the publicly-owned system, I feel deep regret that, only by unification can we remove the greatest danger of which I know to the future of the nation. In a recent public address, I said that unification is inevitable. The public need compels it."

The unification proposal would

PREPARING TO FACE JAPANESE

Chinese Soldiers Attempting To Brace Lines to Halt Invaders' Sweep

SHANGHAI, May 26 (P).—Ten thousand Chinese soldiers who escaped Japan's encirclement of Suichow, attempted to brace today for new resistance to the Japanese campaign inland through Central China.

These forces, scattered by collapse of China's defenses at Suichow, were converging near Mengcheng, about eighty miles southeast, in Anhwei Province. A Japanese spokesman said forces were preparing to "obliterate this detachment," indicating they planned intensive aerial bombardments.

CONFLICTING REPORTS
Japanese dispatches, reporting continued swift progress along the Lungshai toward Hankow, seat of China's Government, conflicted with Chinese reports from Kaifeng, further inland, said a heavy counter offensive eastward along the railroad was checking Japan's drive.

A delayed report, dated four days ago, said all foreigners and missions at Kaifeng were safe despite Japanese bombings.

Secretary Ickes Takes Young Wife

CORK, Ireland, May 25 (P).—The bobbing little steamer Innisfallen carried beaming Harold L. Ickes, United States Secretary of the Interior, and his red-haired, freckle-faced young bride across the Irish Sea tonight toward London and the Continent.

Ickes, sixty-four-year-old widower, and his wife of a day, the twenty-five-year-old former Jane Dahlman, of Milwaukee, hurried aboard the Innisfallen here as "Mr. and Mrs. Woods."

Beaux-Arts' Winning Cast Is Welcomed

Members of a committee from the Beaux-Arts Society are pictured above as they welcomed the society's dramatic team, who returned yesterday afternoon from Winnipeg, where they were successful in winning the Bessborough Trophy, the highest award for the best play in the Dominion Drama Festival in that city. They are, from left to right: Frank Coste, Miss Doreen McGregor, the Beaux-Arts candidate in the Miss Victoria contest; H. F. Hewitt, of the cast; Mrs. E. W. Hetherington, of the cast; Mayor Andrew McGavin; Edmund Christopher, vice-president of the society; Mrs. Andrew McGavin; Denis Sweeting, of the cast; Denis Humphries, treasurer; Mrs. Jack Barracough, secretary; Brian Burdon-Murphy, president; Miss Hope Denbigh, dramatic chairman; Dennis Harris, of the cast; Jack Barracough, Miss Gertrude Marshall (Seattle), Miss Helen Eve, George Cameron and Cedric Lefevre.

Hundred Unemployed in Vancouver Under Arrest For Obstructing Police

Former Sit-Down Strikers Solicit Funds for Others in Public Buildings

"TIN CANNING" WILL NOT BE PERMITTED

VANCOUVER, May 25 (P).—Vancouver city jail resounded tonight to the stamping feet of eighty unemployed, part of a contingent of 109 arrested by city police when they began soliciting funds with tin cans on street corners.

Twenty-nine of the men arrested early today appeared in police court before it closed and were remanded to June 1 on charges of obstructing police. They were removed to Oakalla prison farm, the provincial jail in Burnaby municipality.

LOCKED IN CITY JAIL
The others, arrested later in groups of varying number by patrolmen and detectives, were locked up in the city jail on the same charges. They will appear in police court tomorrow.

Pressing for Recapture of Power Centre

HENDAYE, France, May 25 (P).—Government forces closed in tonight toward Trempt, last source of hydroelectric power for Barcelona's war industries and a key to the insurgent line in Catalonia.

Pressure at Trempt, captured by the insurgents on April 5, was heaviest along a sixty-mile front south of Balaguer, on which Government forces were attacking in their strongest drive in five months.

Canada's Part in Foreign Affairs Debated at Length in Parliament

OTTAWA, May 25 (P).—Looking out over what Prime Minister Mackenzie King described as "a disturbed and seemingly chaotic world," party leaders in the House of Commons and widely differing conclusions as to the part Canada will or must play in the event of war.

After nearly six hours' debate on foreign affairs yesterday, the following general views had been registered:

Mr. King: Canada is unlikely to engage in a war on her own account or to be attacked, cannot now be drawn into war by the League of Nations, and will not join the Empire in a war except on the decision of Parliament.

AUTOMATICALLY AT WAR

Rt. Hon. R. B. Bennett, Opposition Leader: Canada, as a member of the British Commonwealth of Nations is automatically at war if the Empire is attacked. The only alternative is separation from the Empire which, he believed, would not be the choice of the Canadian people.

J. S. Woodsworth, C.C.F. Leader: Canada should take action to relieve herself from obligation to fight any war but a war in defence of her own shores. If war did come, wealth, as well as men, should be conscripted.

In presenting his view of world conditions and his long-promised statement on foreign policy, Mr. King said the Government's objective was to be friendly with all nations and to refrain from warlike talk or criticism of other countries.

ALL HANDS FIGHT DANGEROUS FIRES

Forests Blazing Over Wide Area Near Prince George—Communities Are Safe

PRINCE GEORGE, B.C., May 25 (P).—Sawmill crews forsook their jobs tonight to fight forest fires blazing over a wide area east of here.

Every available man was thrown into the line near Newlands, where the worst fire crackled in a section of Englemann spruce. There was no immediate danger to the communities of Giscome, Newlands and Alexia Lake unless the wind changed suddenly.

Another crew was stationed north of Eagle Lake, forty-five miles east of here, fighting a 4,000-acre blaze which menaced Giscome mill and town last night. A sudden change of wind kept the flames from reaching the settlement.

Woman Killed and Three Injured in Accident in Northern British Columbia—Survivor Makes Hazardous Journey to Obtain Help

PRINCE GEORGE, B.C., May 25 (P).—Doctors strove tonight to save the life of Pilot Charley Elliott, veteran British Columbia flyer whose plane crashed in the Central Interior wilderness on Sunday, killing one person and injuring three others, including himself.

While R. Carter Guest, Inspector of Civil Aviation for British Columbia and the Yukon, visited the scene of the crash which killed Dan Miner, Fort St. James prospector, oxygen was administered to Elliott in hospital here.

Doctors said the flyer's life was

Dominion Observatory Clock Never Varies a Whole Second

OTTAWA, May 25 (P).—A newly-developed clock which never varies more than one-hundredth of a second is in use at the Dominion Observatory here, Dr. R. Meldrum Stewart, Dominion astronomer, told the Royal Society of Canada today.

The clock is used to control time signals—the "pips" familiar to radio listeners. It is required to make and break numerous and complicated electrical contacts.

Another feature of the clock is that a sidereal clock, which records star time, automatically checks and regulates it every 365.2422 seconds. The sidereal clock is mounted in an underground vault and shielded in every possible way from disturbances.

Ready Tomorrow To Meet Test of Actual Warfare

Prime Minister Chamberlain Assures Great Britain Of Efficiency of Royal Air Force—House Upholds Government by Rejecting Labor Demand for Inquiry Into Rearmament

LONDON, May 25 (P).—After Prime Minister Chamberlain today assured Great Britain the Royal Air Force was ready to meet "tomorrow" if necessary the test of war, the House of Commons tonight rejected a Labor demand for an inquiry into the progress of air rearmament.

The vote of 329 to 144 followed debate on which Hugh Dalton, Labor front bench, accused the Government of failure to obtain co-operation from Canada and the other Dominions; and Sir Kingley Wood, Air Secretary, announced Viscount Nuffield, wealthy motor car manufacturer, would undertake large scale production of airplane bodies in his immense factories.

De Valera's Party Receives Setback by One Vote—Speculation Aroused

DUBLIN, May 25 (P).—Prime Minister de Valera's Government was defeated by one vote in the Dail tonight, giving his Government its first setback in five years in office.

Speculation was aroused whether the Prime Minister would resign or demand a vote of confidence when the Dail resumes sessions. It adjourned until May 31 after the Opposition's unexpected victory.

Independents and followers of William T. Cosgrave caught Mr. de Valera's party napping on a motion to establish civil service wages by an arbitration board. The motion carried 32 to 31. The Opposition benches set up a chorus of "resign, resign."

Mr. de Valera was absent in Limerick, where he was called by the death of his uncle, Patrick Coll, seventy-four.

The party standing in the Dail is sixty-nine for the Fianna Fail, Mr. de Valera's party, and sixty-nine for the Opposition, made up of forty-eight Gael members headed by Mr. Cosgrave, thirteen Labor and eight Independents.

Adjudicator Calls For Lullaby When Test Interrupted

EDMONTON, May 25 (P).—A baby's cry brought a brief interruption to the proceedings of the Alberta Musical Festival here today—but Adjudicator Maurice Jacobson proved himself equal to the occasion. "Can anybody sing us a lullaby?" he asked calmly. The baby's mother didn't wait to find if there was a volunteer present. She quickly took the baby from the hall.

B.C. Premier Talks With Head of U.S.

WASHINGTON, May 25 (P).—Premier T. D. Pattullo, of British Columbia, today declined to discuss the nature of his visit here or his conference yesterday with President Roosevelt, of the United States.

The British Columbia Premier left Vancouver Sunday by airplane presumably to discuss the building of a 2,300-mile all-weather highway between Seattle and Fairbanks, Alaska.

JAMAICA LABOR RIOTS SPREAD

Death Toll of Clashes Now Reach Six as Walkouts Grow Serious

KINGSTON, Jamaica, May 25 (P).—Three new deaths in Kingston's labor riots brought the total to six today. Three men were killed on the Caymanas Sugar Estates, outside Kingston, after the plantation manager read the Riot Act to a group of striking workmen.

Police prepared for more trouble as locomotive men on the Government-owned railway, hospital nurses and other hospital workers prepared to join the walkout. Employees in a match factory left their jobs late today.

The strikes started on Saturday when stewards demanded a minimum wage of 25 cents an hour. They were joined Sunday by the street cleaners, who demanded a weekly wage of \$7.50. The latter group returned to work this morning for a daily wage of \$11.2.

JOIN STRIKERS' RANKS

Municipal employees, tram motor-men, garbage collectors and services workers augmented the strikers' ranks. The city was without electricity for a time, and was threatened with disruption of other services. Volunteer workers finally filled the breach, working under guard.

Police forces were increased by special constables enrolled after Governor Sir Edward Denham appealed to all able-bodied citizens to assist in maintaining order. The British cruiser Ajax was expected to arrive momentarily. Military units on the island were mobilized.

LATE NEWS BULLETINS

TWO DEAD, TWENTY HURT IN EXPLOSION

FALL RIVER, Mass., May 25 (P).—Fire and a series of explosions aboard the oil tanker Elwood, tied up here today, left two men missing and at least twenty-five others injured tonight. Chief Mate Carl Bendrien said the two missing men were Michael Yorlo, a wiper, of Jersey City, N.J., and Walter Widner, of Boston. The blast rocked the waterfront and sent seamen, their clothes in flames, leaping over the side.

SAYS GERMANS CONTROL FRANCO CAMPAIGN

WASHINGTON, May 25 (P).—Adolf Hitler has taken charge of General Franco's fight in Spain, Spanish Ambassador De Los Rios said tonight. At his first press conference since his return several days ago from a visit to Spain, Senor De Los Rios said German officers, instead of Italians, now control Franco's operations.

FLOOD THREATENING IN WEST KOOTENAY

NELSON, B.C., May 25 (P).—Creeks and streams roared throughout the West Kootenay tonight, as rising temperatures melted snow in the upper hills and fresh water filled creek beds from bank to bank. Highway and railway bridges and low points on roads which might be threatened by high water or streams overflowing their banks, were closely watched.

BRITISH AIR MISSION SAILS FOR HOME

NEW YORK, May 25 (P).—Four members of the British Air Ministry Mission sailed for England in the Queen Mary today, declaring no definite agreement on the purchase of planes had been reached. The mission arrived May 3 with the purpose of studying bids to be submitted by manufacturers of two and four-motored bombers.

SAFE-CRACKERS ROB NEW WESTMINSTER CLUB

NEW WESTMINSTER, B.C., May 25 (P).—New Westminster police said tonight "expert" safe-crackers had blown and looted the strong box of the Eagles Club, and escaped with \$10 cash and almost 250 packages of cigarettes.

Czechoslovakian Government Has Difficulty in Keeping Day Clear of Serious Disturbances—Violations of Territory Charged Against Airplanes of Both Countries—Urge Solution

Poland and Hungary Join Search for Key to Problem

PRAHA, May 25 (P).—The Czechoslovak Government maintained order today on the German borderland—but only with great restraint. The day passed without serious disturbances, but with inflammatory oratory and Nazi shouts of "whenever the Fuehrer calls us, we are ready."

The Government had been worried by the tremendous funeral demonstration at Eger for two Sudeten Germans whose deaths in a frontier shooting last Saturday aggravated a grave international crisis.

Troops have occupied the border district since last Saturday and additional reinforcements were sent today to the scene of the funeral services and processions near the frontier towns of Eger and Franzensbad.

DANGEROUS WORDS

Because a message of condolence sent by Sudeten German members of Parliament to bereaved relatives referred to victims of the border incident as "heroes of the National Socialist faith," the Government had feared Konrad Henlein, Nazi leader, might whip the Sudeten through into a frenzy with similar sentiments.

Henlein, however, showed moderation in his brief address.

But passages from the funeral speeches delivered by two other Sudeten German (Nazi) deputies were resented by the Government as too political for funeral eulogies.

TEN DIE IN PLANE CRASH

Simultaneous Failure of Two Engines Blamed for Cleveland Accident

CLEVELAND, May 25 (P).—Two engines, which unaccountably failed eight miles from port, were blamed tonight for the plunge of a luxurious United Air Lines plane, bound from Newark to Chicago, into a suburban gully and the fiery death of ten persons.

James Brandon, veteran pilot, was making a left turn, apparently trying to lift the falling craft over a clump of trees into small field as the ship struck late last night, air line officials said.

PERISHED IN FIRE

Seven passengers, a co-pilot and the stewardess died with him in the fire that followed.

W. A. Patterson, president, said evidence indicated "quite conclusively that neither of the two engines was in operation at the moment of impact."

One Man Under Arrest After Lord Nuffield Reports Apparent Plot For His Abduction

OXFORD, England, May 25 (P).—Police held fifty-year-old John Bruce Thornton on a charge of carrying two automatic pistols, and questioned a second man today, in connection with what Viscount Nuffield, motor millionaire, termed an attempt to kidnap him.

Thornton was arrested last night when he arrived at Lord Nuffield's Cowley works of the Morris Motor Company.

Possibility that Thornton intended to flee the country with Lord Nuffield as his captive was seen when police seized the eleven-ton motor yacht, Pierette, which Thornton gave as his address. The yacht had been anchored in the Thames off Pinmill, near Ipswich, for some days.

TERRIBLE TOLL TAKEN IN RAID

Hundreds Killed and Injured In Insurgent Bomb Attack On Alicante

ALICANTE, Spain, May 25 (P).—Six insurgent bombing planes swooped down upon Alicante today in a ferocious bombardment which killed at least 250 persons and wounded more than a thousand.

It was the most disastrous single raid of the Spanish civil war.

The death toll was exceedingly high because two of the heaviest bombs fell squarely into the market place, in the centre of the city, where hundreds of women were lined up to buy foodstuffs.

More than fifty were killed and hundreds injured outside Alicante. In the crowded market place more than 100 victims were killed, officials said. Tonight rescuers were working feverishly to extricate bodies by flashlight.

WALLS FALL INTO DUGOUTS

Man-made earthquakes sent the walls of high buildings toppling into dugouts into which men, women and children had run for safety.

Casualties in Alicante, a city of about 70,000, proportionately far exceeded those in Barcelona's disastrous series of air raids in March, when 3,000 were killed.

The twenty-eight consular representatives in Alicante sent a message of condolence to the civil Governor tonight, deploring the deaths among civilians and agreeing to fly flags at half mast for a three-day period of mourning.

FIVE MENTIONED FOR LEADERSHIP

Convention Chairman Says "Dark Horses" Also Possibilities to Head Conservatives

CALGARY, May 25 (P).—Five names were being prominently mentioned for the leadership of the Federal Conservative party, said John R. Macnicol, M.P. of Toronto, in an interview here.

Before leaving for Regina, Mr. Macnicol, joint chairman of the national Conservative convention opening in Ottawa on July 5, said the five were: Hon. R. J. Manion, Hon. Earl Lawson, both former Cabinet ministers; Sidney Smith, president of the University of Manitoba; Hon. M. A. Macpherson, former Saskatchewan Attorney-General; and Hon. G. Harrington, former Premier of Nova Scotia.

"Of course, there are plenty of others also being mentioned to succeed Rt. Hon. R. B. Bennett, including several 'dark horses,'" he added.

Colorful Spectacle Provided by Pupils At School Pageant

Empire Day Event at Royal Athletic Park Has Cast
Of 700 Students in Costumes Representing
Periods in British History

PERFECT Empire Day weather assisted 700 well-drilled school children in presenting a colorful pageant attended by 1,500 persons at the Royal Athletic Park on Tuesday morning. Mayor Andrew McGavin, members of the City Council, Trustee Percy E. George, chairman of the school board, and other trustees were interested spectators.

Capable general supervision of the spectacle was in the hands of George H. Deane, municipal inspector; J. S. Adam, J. Bruce, Major A. C. Hinton, J. MacKenzie, Major W. A. Roper, Miss Nancy Ferguson, Miss H. E. A. Dowell, W. H. Muncy and H. S. Hurn.

Music was furnished by the 5th (B.C.) Coast Brigade Band, in charge of Alfred Prescott, and the Junior Boys' Band, led by George H. E. Greene. Mr. Hurn explained the various events through a public address system.

GRAND PARADE

All those in the cast raised their voices in "O Canada" at the commencement of the pageant. Headed

by Queen of the May Catherine Goodenough and her entourage, a grand parade was held past the grandstand.

Costumes represented the time of King John I, Robin Hood and his merry men, the Roundheads of the Cromwellian period, early French settlers of Canada, lords of the Elizabethan period, including Lords Burleigh, Essex and Walsingham, Sir Walter Raleigh, Sir Francis Hawkins, Mary of Scotland, Philip of Spain, Henry of France, William Shakespeare and the famous Beefeaters of London Tower.

After Queen Catherine and her retinue assumed their places on a large dais in the middle of the field, children of George Jay, Quadra and

Schools Join in Empire Day Pageant

About 1,500 spectators witnessed the colorful school pageant held in Royal Athletic Park on Empire Day, in which 700 students of elementary schools, Central Junior High School and Victoria High School participated. In the upper picture, Queen of the May Catherine Goodenough is seen with her entourage. The lower picture shows the school children assembled to sing the National Anthem, in the final scene of the pageant. In the background are the Queen of the May and her attendants, on the dais erected at the park.

Sir James Douglas Schools took part in maypole dances.

DURHAM REEL

A haymakers' dance, and Durham reel were presented by children of Bank Street, Beacon Hill, Margaret Jenkins, Oaklands, Quadra Primary, Victoria West Schools and Central Junior High School.

Following an athletic display, club swinging and tumbling by boys and girls of Victoria High School, led by Major Roper, a "Dance of Joy" brought the pageant to a close.

Mr. Chamberlain said, "but because I recognized the difficulty of carrying on at a time of rapid expansion when the head of the department was not in the House to answer for himself."

The Prime Minister denied the Government had abandoned the idea of air parity with Germany. The British shadow factories were second to none in the world and on the question of mass production said there were 11,000 parts in the engine alone of a modern bomber, as against 1,700 parts in ordinary motor car engines.

In a plane there were upwards of 70,000 separate parts for which from 6,000 to 8,000 separate drawings are required. "There is a very different proposition from mass production of motor cars."

ALL PLANS READY

Mr. Chamberlain said in an actual war a Ministry of Supply would be essential and "we have all the plans ready for that ministry which can be put into operation."

But, he added, "I do not believe a Ministry of Supply in peacetime is going to be effective as the Ministry of Munitions was effective in the Great War unless you give the Ministry of Supply the same powers as the Ministry of Munitions had during the war, which were not only power to control factories, but power to relax trade union practices and regulations, power over strikes and power for dilution of labor."

With respect to relations with the Empire, Mr. King said Canada did not offer advice to the United Kingdom and did not feel bound by the United Kingdom's decisions.

"Our foreign and external policy is one of peace and friendliness—a policy of trying to look after our own interests and to understand the position of other Governments with which we have dealings," the Prime Minister said in his general statement.

DENOUNCES INVASION

Into this calm pool of thought, Mr. Bennett dropped a bitter denunciation of Japanese invasion of China to prosecute a destructive war that was "undeclared, unwarranted and unprovoked."

When Mr. Bennett assumed that the Government was condoning Japan's action, the Prime Minister hastened to deny it and to declare that he agreed entirely that Japan's action should be denounced.

Mr. Bennett had preceded his remarks with the statement that he was speaking for himself and not for his party, which would meet shortly in national convention to adopt new policies, including one on foreign affairs.

Japan also figured in a brief debate during the hour for private bills. One measure, designed to directly prevent Japanese immigration, was defeated on division by 78 to 42 votes, and another to effect the same end indirectly was talked out. Both were sponsored by A. A. W. Neill (Ind., Comox-Alberni).

ENVOY CRITICIZED

The debate also furnished a stormy welcome for Baron Shuichi Tomii, new Japanese Minister to Canada, who arrived in Ottawa Monday. Mr. Bennett sternly criticized the Minister's reported statement to newspaper reporters in Niagara Falls, Ontario, that Japan would defeat China. Mr. King agreed the comment was entirely wrong.

VICTORIA CHOIR VISITS EUGENE

Arion Club Members Sing to
2,000 Persons at Combined Concert

Some 2,000 townspeople and students of Eugene, Ore., on Monday night heard the concert programme given by the visiting male chorists of the Victoria Arion Club. In combination with the Eugene Gleemen, the joint chorus numbered more than 120 voices. The major part of the concert was contributed by the Arions, who chose many notable selections, and solos were sung by Thomas Kelway and Fred Wright.

The visitors were introduced to the audience by Dr. Donald M. Erb, president of the University of Oregon, and the welcome given to them was acknowledged by R. P. Blandy, president of the Arion Club.

The significance of international good will and the realities of it as existing between Canada and the United States were emphasized in a meeting and programme fostered by the Eugene Rotary Club on Tuesday, in honor of the Arions. The visitors were told by their Eugene hosts, that the concert given the previous night was one of the finest heard in that city. Dr. W. B. Neal, member of both the Eugene Rotary

Radiotelephone Service for Tugs and Other Craft

Coastal vessels can now obtain ship-to-shore telephone service when at sea. By means of radiotelephone links provided by the North-west Telephone Company they can connect with any telephone in the land telephone network. Calls are placed through "Long Distance". Already a number of tugboats, a salvage vessel and a private yacht are under contract for this service. Tugboat operators are finding the service highly advantageous in keeping in touch with their boats. They can talk to their skippers daily from home or office. WAKE UP YOUR LIVER BILE—

And You'll Jump Out of Bed in the Morning Rarin' to Go

The liver should pour out two pounds of bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas builds up your stomach. You get constipated. Harmful poisons go into the body, and you feel sour, sick and the world looks punk.

A mere bowel movement doesn't always get at the cause. You need something that works on the liver as well. It takes these good, old Carter's Little Liver Pills to get those two pounds of bile flowing freely and make you feel "up and up". Harmless and gentle, they make the bile flow freely. They do the work of a catalyst but have no calomel or mercury in them. Ask for Carter's Little Liver Pills by name! Stubbornly refuse anything else. 25c.

Young Students Will Present Operetta

—Photograph by Gibson.

The large cast of young performers from Cedar Hill School, who will present the colorful operetta, "The Bohemian Girl," in St. Aidan's Hall, Mount Tolmie, on Friday and Saturday nights, is shown above. Sixty-three students, bedecked in picturesque costumes, form the cast of the production, directed by the principal of the school, A. Cullen. The curtain will rise at 8 o'clock on both evenings.

After reports had been received from Captain Nathaniel Gray, Saanichton, secretary-treasurer, and J. A. Taylor, Estevan, Sask., auditor, an address of welcome was given by George H. Gardiner, postmaster of the City of Victoria, who gave a highly interesting historical review of postal activities in Victoria from the time in 1888 when the city had its first letter carrier.

LATEST DEVELOPMENTS

J. B. Corley, district director, Calgary, told the convention of latest developments in the postal service of the Dominion, and reviewed the history of letter carrying from the earliest days, declaring that throughout history the postal service had pioneered every phase of transportation. The air mail service in Canada was going ahead very rapidly, he said.

At noon the delegates were the guests of the Hudson's Bay Company at luncheon, at which a welcome to the city was extended by Mayor Andrew McGavin. The toast to the city was proposed by Lieut.-Col. E. J. White, Bathurst, N.B., Dominion president of the association, who brought greetings from the Maritime Provinces.

The early part of the afternoon

session, was devoted to addresses by George E. Starr, Seattle, postmaster and general accounting officer; Lieutenant-Colonel White, and Charles D. Griffith, Dominion secretary of the association.

Mr. Starr referred to the success of the National Air Mail Week recently concluded in the United States, and explained the working of the postmasters' organization in the States, telling of what had been done to help the postmasters in the smaller districts.

Lieutenant-Colonel White mentioned that the association was now more than thirty years old, with branches throughout the Dominion. Close touch was maintained with the department, and the association was of great assistance not only to its members, but also to the department. He spoke of problems common to all postmasters that had been solved by the association, and of the efforts made to secure better conditions.

PROGRESS REVIEWED

Mr. Griffith spoke of the progress made by the association, and enumerated matters of importance to its members in which the association had been active.

A considerable amount of correspondence was read by Captain Gray, consisting mainly of greetings from other branches, and from members unable to attend the convention. Reports were received also from the district representatives throughout the province, and the committee on credentials also made its report.

The lady delegates were entertained at tea by Mrs. G. H. Gardiner at the Oak Bay Hotel, and in the late afternoon all delegates were taken for a drive in and about Victoria, transportation being provided by Victoria and district postmasters and postal officials, under the direction of Maurice Atkins, Brentwood Bay.

DINNER GATHERING

A complimentary dinner of an informal nature was tendered to the guests in the Empress Hotel, and later the delegates visited the Dominion Astrophysical Observatory, by courtesy of Dr. W. E. Harper, director, transportation again being provided by city and district postmasters and officials.

In addition to the business sessions scheduled for today, the delegates will be the guests of David Spencer, Limited, at luncheon, and in the late afternoon will visit "Benvenuto" as the guests of Mr. and Mrs. R. P. Butchart. At 7 p.m. the delegates will be entertained at a banquet and entertainment as the guests of the Robert Simpson Company, Western, Limited, of Regina. The concluding business sessions will be held tomorrow morning.

Obituary

BEECH—Many sorrowing friends attended the funeral of Mrs. Beatrice M. Beech held from Hayward's B.C. Funeral Chapel, Rev. F. V. Venables officiating. The hymn, "The Church's One Foundation," was sung, and an abundance of beautiful flowers surrounded the casket. The following were the pallbearers: G. R. Guillemand, E. Jones, R. Nutter, P. H. B. Buxton, F. E. Grimes and D. J. Hill. The remains were laid at rest in the family plot in Ross Bay Cemetery.

WILSON—Many friends attended the funeral of Frederick M. Wilson, held on Wednesday afternoon from McCall Bros' Funeral Home. Rev. W. G. Wilson, D.D., conducted the service, during which the hymns "The Sands of Time" and "Safe In the Arms of Jesus" were sung. The casket was banked with many floral tributes. Interment was made in the family plot at Ross Bay Cemetery, with the following as pallbearers: J. A. Heritage, P. McKechnie, W. N. Lenfesty, A. L. Young, A. Brown and G. Strawford.

GORDON—Louis Gordon died in the Royal Jubilee Hospital on Tuesday, in his sixty-fourth year. His home was at 603 Belleville Street. Born in Aberdeen, Scotland, he had lived in British Columbia for many years. He served overseas in the Great War, going from Alberta with the 45th Battalion. He is survived by a sister in England. Rev. T. H. McAllister will conduct the funeral service in McCall Bros' Funeral Home this morning at 10:30 o'clock. Burial will be at Colwood.

SCREEN WRITER VISITING HERE

Norman Reilly Raine, Hollywood, Spending Short Vacation in City

Norman Reilly Raine, who captured the Academy Award motion picture for 1937 with the "Life of Emile Zola" and whose latest release, "Robin Hood," is now playing in Victoria, was at the Empress Hotel this week, with Mrs. Raine, on a hurried pleasure trip from Hollywood.

Mr. Raine started his career as a news reporter on The Buffalo Express, and for a time he was associated with a number of periodicals. He served with the Canadian infantry in the Great War, and became a captain and was transferred to the Royal Air Force. He was assistant editor of MacLean's Magazine and has been a regular contributor to some of the leading magazines in Canada and the United States.

"TUGBOAT ANNIE"

"Tugboat Annie" was one of his popular screen plays. He is forty-three years of age and has established himself in a position of importance in the motion picture world. He is now working on a new screen play, "Each Dawn I Die," a story by Jerome O'Donnell, one of the younger American writers, at present a news reporter on one of the Minneapolis dailies. The play is being written for Edward G. Robinson and James Cagney.

Mr. Raine saw his picture, "Robin Hood" in Victoria and said he was extremely pleased over the reception given the picture by the audience. It was the first time he had seen it since the preview.

Both Mr. and Mrs. Raine are fond of Victoria and have numerous friends here. Mrs. Raine, before her marriage, lived in Toronto.

PASSES AT NANAIMO

NANAIMO, May 25.—Mrs. Agnes Johnstone Reid, aged forty-eight, a native of Scotland and resident of Nanaimo for twenty-six years, died at the family residence, Watkins Street. She was prominently identified with the Women's Labor League here, and is survived by one daughter, Mrs. Violet Clark; five brothers, James Patterson, Archie, Jack, Henry and Peter, all of Nanaimo; three sisters, Miss Jean Marlow, Miss Violet Marlow, Mrs. Harry Stockand, also of Nanaimo. The remains rest at Westwood Hirst Funeral Home.

MEETING TONIGHT
A meeting of the Legion of Frontiersmen will be held tonight at 8 o'clock in the British Imperials Comrades Association headquarters, Hamley Building. Enrollment forms are now on hand and it is hoped all interested will attend.

FUNERAL RITES WELL ATTENDED

Final Tribute Is Paid to the Memory of Miss Jessie Douglas Eberts

Impressive tribute to the memory of Miss Jessie Douglas Eberts, a well-known resident of Victoria for more than forty years, whose death occurred on Monday, was paid by a large congregation at funeral services held yesterday afternoon in St. John's Anglican Church, Rev. Canon Chadwick officiating.

The Ninetieth Psalm was sung by the choir, and the congregational hymns were "Now the Laborer's Task Is O'er" and "Abide With Me." A profusion of beautiful floral tributes was received.

Honorary pallbearers were Senator G. H. Barnard, R. H. Swinerton, Judge P. S. Lampman, C. J. Prior, Charles Williams and Dr. H. B. Rogers; and the active pallbearers were E. Reeves Cawley, Alan Morkill, J. A. R. Rome, H. G. S. Heisterman, J. L. Mara and R. F. Taylor. The remains were laid at rest in the family plot in Ross Bay Cemetery, Hayward's B.C. Funeral Company was in charge of arrangements.

Miss Eberts was born in Chatham, Ont., seventy-four years ago, and was the daughter of the late William D. Eberts, of Chatham. She was a sister of the late Margaret Bruce Robertson, who was the widow of Hon. A. Rocke Robertson, a justice of the Supreme Court of British Columbia. One of her brothers, Hon. D. M. Eberts, a justice of the Appeal Court of British Columbia, died in Victoria in 1924.

She is survived by three sisters, Mrs. G. Cothell, Vancouver; Mrs. Prescott Cookingham, Portland, Ore.; and Mrs. Harry Adams, England; also six nephews, Mr. Justice Harold B. Robertson and Dr. Hermann M. Robertson, both of Victoria; Judge E. A. Robertson, Prince George; Dr. A. Rocke Robertson, Seattle; Tate M. Robertson, Philadelphia, and Dr. E. M. Eberts, Montreal, professor of surgery at McGill University.

THE SCHOOL AND SOCIETY

In political and social life there are those who, looking with "the evil eye of envy" upon the achievements of others, desire to see all men reduced to the dead level of a dull mediocrity. The devices they employ for the purpose of bringing about this result are well known. Some legislatures have passed laws intended to penalize thrift, to discourage business initiative, to place workers and shirkers on the same economic level. To render aid and comfort to those who look upon a contract as a mere scrap of paper seems to be the desire of some politicians of the baser sort. They denounce the man who is out for a reasonable profit, or desires to save for a rainy day, or lends his money out at interest. Some of them propose that the Government should "take over" from the banks the savings of individual depositors. They do not use the word "confiscate" or "commandeer." They prefer the euphemism "take over," which has a pleasant, auspicious, disarming quality. One legislature has gone so far as to introduce a measure which, if it becomes operative, will place a direct tax of 2 per cent upon the principal sum owing on mortgages.

Finding that their theories and proposals do not go down with the average man, the levellers may turn their attention to the schools in the hope of being able to indoctrinate pupils and teachers alike with radical theories of the kind indicated above. Of course, the tactics to be employed in the schools would have to follow pretty much the same lines as those which have been tried in the political field. The agitators will, no doubt, try to discover some way to circumvent those pupils who are ambitious and industrious. For example, competition can be discouraged as far as possible. Those who try to outstrip their fellows can be treated with a certain cold disapproval and can be made to feel that they had better watch their step. Praise and blame can be distributed in a manner and on a system calculated to induce active and energetic students to slow down to an approved average pace. To make the levelling system work it will be necessary to modify greatly, perhaps to destroy, the age-old plan of competitive relations, tests, trials, and examinations. Tommy and Bobby may write the same examinations in mathematics or history, they may work at the same manual training tasks, they may engage in music or other fine art, play ball, or run races, but the better scholar, or artist, or handicraftsman, or athlete, must not, under the non-competitive system, receive any reward for superior effort or success. If there are to be prizes, let Tommy and Bobby have one each and let them be of equal value!

The advocates of these fantastic notions are mistaken if they think that healthy boys and girls can be managed in any such fashion. Human nature has a way of asserting itself. There is room for emulation in the schoolroom and on the playground. Men of sense know that a generous emulation is one of the principal sources of human improvement. Emulation is that admirable human tendency which bids us strive to outrun our competitor in a fair field where there are no favors. Of course, if we stoop to place an obstacle in his path, this is no longer emulation but envy. "Envy," says Bacon, "is a disease in a state like to infection, for an infection spreadeth upon that which is sound and tainteth it, so when envy is gotten once into a state—and he might have said the same of a school—"it tradeth even the best actions thereof and turneth them into an ill odor." The schoolmaster who withholds the rewards earned by the industrious student in order to mollify the idle or incompetent ones, is ministering to the base passion of envy.

Emulation is a legitimate motive to action. The average man loves a spirited contest and demands that games shall be fairly played. He applauds a good winner and he admires a good loser. The good loser does not "find his sleep less sweet for music in some neighboring street, nor rustling hear in every breeze the laurels of Miltades."

STEAM TRANSPORTATION

For the past century the steam locomotive has dominated land transportation. Several times in recent years other forms of motive power have given signs of displacing the old iron horse, as when the electric locomotive was proving popular under certain conditions, and more recently with the spectacular achievements of the Diesel-electric engine fitted to lightweight, streamlined trains. The performance of the Diesel-electrics were such as to create a popular belief that the days of the steam engine were numbered, that gradually it would be replaced as outmoded.

Then the makers of steam locomotives, realizing the possible threat to their industry, undertook to design anew their product to meet the demands of the times. It was not that they had failed to improve the efficiency of the steam locomotive for the conditions under which they were being operated; rather, in an effort to meet the challenge of other forms of transportation, the railways were testing the efficiency of high-speed, lightweight equipment. The early stage of Diesel-electric power testing is over. The streamlined trains have proved capable of high speeds over long runs, but the economy of operation has not been all that was expected, in spite of the large savings in fuel costs. Taking other factors into consideration—cost of engines and equipment and load capacity—it has been found that steam engines can be operated at satisfactorily high speeds, and that train mile costs of steam-powered equipment on a basis of net returns readily stand comparison with the Diesel-electric driven equipment.

When the Diesel-electric trains were intro-

duced on this continent effective comparisons were impossible, because the steam equipment was designed to handle loads far in excess of anything demanded from the new competitor. For a time it seemed that the new locomotive might be forced to scrap their steam-powered equipment if they were to "come back" in the face of modern developments in transportation. However, the railways, being extremely short of funds for drastic capital changes, could not be stampeded into a sudden and radical change in operating policy. Instead, they began to investigate ways of increasing the efficiency of the equipment which they already had, and to study, from the standpoint of efficiency and economy, the course they must follow in replacing old and obsolete rolling stock. Broadly speaking, they found that for most of their needs the answer to their problem lay in modernization of the steam locomotive and the trains generally, rather than in wholesale replacement with Diesel-electric lightweight trains.

In the United States railway transportation has greatly improved in the last few years. Working comparisons are now possible between Diesel-electric and steam power, and these at least show that the old iron horse, in new clothes, drawing equipment designed to meet the demands of the day, can hold its own against the streamlined, specially built Diesel-electric engine that gave such a spectacular performance when first introduced. In this country there was considerable criticism because Canadian railways seemed to be lagging in modernization by not rushing the new wonders of transportation into operation on Canadian lines. The Canadian railways, however, chose to make haste slowly, and recent developments in the United States indicate that the Canadian engineers who refused to believe that the old iron horse was doomed were not as short-sighted as enthusiasts for railway equipment development thought. The new and remodeled steam locomotives, drawing modernized, air-conditioned coaches, are providing service that compares with the best anywhere on the continent in efficiency and economy of operation. For freight transportation, where the dominion of the iron horse has not been challenged, the steam locomotives, backed by a century of specialized development, remains dominant among railway power plants.

DEFENCES OF EIRE

A part of the recent settlement between the British Government and the Government of Eire is the withdrawal of the care and maintenance parties from Cork Harbor defences, from Bere Island and Lough Swilly. There have been British properties at these three places used for defensive purposes. They now become Irish as a concession to Irish sentiment. Through that process the Government of Eire will in future pay for a service which the British Government rendered for nothing. Eire will have to undertake the cost of her own coastal defence after December 31 next. As a nucleus for this defence she will have the Admiralty property and rights at Berehaven and the harbor defences at Berehaven, Cobh (Queenstown) and at Lough Swilly. Apparently there is no agreement made as to what Eire will do in the matter of defence; it is not stipulated that harbor defences and other properties will not be used for purposes inimical to British interests. The Dublin Government has thus won concessions in this respect without promising a quid pro quo. The properties are being transferred without reservation and without condition. It is this feature of the Anglo-Irish Agreement that is regarded as the greatest triumph that Mr. de Valera won in the negotiations.

Mr. John L. Lewis, head of the American Committee of Industrial Organization, says that the unemployed will not continue to accept "the crumbs from Lazarus's table," a statement that will be news to Dives.

Note and Comment

By Sandham Graves

Have you seen the Street of the Hawthorn Trees? You should, for the trees are now in full bloom; festooning both sides of May Street between Beacon Hill and Moss Street with alternate garlands of white and rose. In Southern California people drive fifty miles or more to look at the Street of the Hawthorn Trees, a mile-long avenue of evergreens where man at Yule-tide hangs colored lights in fairy patterns. On the Street of the Hawthorn Trees, Nature did the decorating, and did it well. The branches are bent down with their weight of blossoms, set in tight rosettes along the curving arcs of boughs. On either side of the street, for a quarter of a mile, the Hawthorn blooms in mammoth bouquets, white and rose. If you wish to see the Street of the Hawthorn Trees at its best, you should go there soon. Already the bees are at work, carrying pollen from the white blossoms to the rose; in a few weeks' time there will be neither white nor rose, but all will be a variegated, strawberry color, from Nature's alchemy. Just now, the white is white, the rose is rose, and alternating down the avenue the Hawthorn trees present a radiant spectacle.

If you start at Moss Street and drive down May Street to the park, you will see not only the Street of the Hawthorn Trees, but also Laburnum Walk, between Cook Street and the bowling green at Beacon Hill Park. If you see nothing else of Victoria in May, the Street of the Hawthorn Trees will repay your visit. Beyond Laburnum Walk, of course, there is a metalled road winding southward through the park, which, if you follow it, will lead you to the Lane of Graceful Shade, the southeast entrance to Beacon Hill Park. There, merely for the coast of looking, you will see a winding, sylvan lane in checkered light and shade, while overhead the sunlight filters soft and golden through the trees. It is an easy walk along the Street of the Hawthorn Trees, up Laburnum Walk, and on to the Lane of Graceful Shade; or you can drive by all of it, save Laburnum Walk. At the end of the Lane of Graceful Shade, going southward, you will emerge on Marine Drive, with the Strait of Juan de Fuca and the grand Olympic Range beyond. Undoubtedly you know all that—but have you done it, in May? So many people have not, both residents and visitors alike.

If you are a visitor, at Beacon Hill Park there is much to see. Leading from the Crown of the Hill of Golden Bloom there are half a dozen paths. One takes you southward to the water through a sea of colors, where blue bells and buttercups roll in successive waves before the breeze. Another path will lead you down between the boles of giant oaks, now in full leaf and rustling with the gossip of a thousand ailes. Some paths lead into the centre of the park; where weeping willows drape the old stone bridge across Goodacre Lake; where flowering shrubs glow yellow, bronze and scarlet by the borders of meandering brooks; where peacocks spread their fans and strut with age-old pride; where conifers stand tall and stately, with their feathery tops against a deep blue sky. By day the park is beautiful; by night enchanting. At sunset the evening light climbs the tall trunks of the firs, lifting from branch to reddening branch until it scales the tops, and slowly disappears. Shadows gather in the tree-tops, on the ground, make castles out of bandstands, draw fleeting shades across the darkening pools, and set the water dancing. If you have time to wait for moonlight, there are ten thousand fancies more.

We are a prosaic lot. You will not find in any guide book the Street of the Hawthorn Trees, Laburnum Walk, the Lane of Graceful Shade, the Hill of Golden Bloom. We take the beauty that Nature gives so lavishly, and wrap it up in hideous-sounding names; but it is there for all to see. The eyes, the ears, the nose, the sense of taste, of touch are yours to use. Use them. Once we walk through life, and no matter what the road, how shall we go? With head down, eyes shut, ears closed, all senses muffled up, or open to enjoy the wealth of meaning in the simple things along the way of life? Who told you that you cannot draw a rose? Perhaps you can, and paint it, too. Who said you have no ear for music? The very wind plays tunes upon the blades of grass, the leaves of trees, while insects find in flowers a million symphonies. Are you less than the humble insects, spurned underfoot by man? I think not! Who said your sense of smell was gone? They lied. You have a nose, if you will but use it to detect a thousand messages and meanings that now flow by unknown. Wake up. Today is yours, no matter what your life, your cares. Yesterday is gone, a fading memory. Tomorrow never comes. Who said you cannot paint, or draw, or smell, or taste, or touch, or even feel? Tell them it is a lie. They report it. Perhaps you have not tried! Try, then; and, if failing in the art, at least your mind will open to enrich your days, your nights, your life. If you are human, you can feel, and, feeling, can observe and understand more clearly every day that dawns. Start with the Street of the Hawthorn Trees. Six thousand miles you'd have to go to find another.

SAYS VICTORIA IS LIKE HOME

Miss Louise Fazenda Returns to City for Second Visit This Year

"It's just like coming home again," said Miss Louise Fazenda, well-known Hollywood motion picture actress—in private life Mrs. Hal Wallis—on her arrival in Victoria from Seattle yesterday, to spend three days before sailing for Honolulu.

Mrs. Wallis, a frequent visitor to the city, was last here a little over a month ago, and has since been staying at her home in Los Angeles. She remarked that she had been enamored of Victoria and the Island ever since her first visit in 1925.

"I come to Victoria at the slightest possible excuse. Some day I should like to be able to spend all my summers here," Mrs. Wallis said.

She hastened to contradict a rumor that she contemplated taking up permanent residence on the Island, explaining that that would not be possible, owing to various interests in California.

Mrs. Wallis was accompanied by her five-year-old son, Brent, on the journey from Los Angeles, and was joined in Seattle by Mr. Wallis, who had traveled from New York. Mr. and Mrs. Wallis have taken a large suite at the Empress Hotel, where they will stay until the departure of the Empress of Canada, on Saturday. They plan to spend about two weeks in Honolulu and will return to Los Angeles by the St. Lurline.

Convict Chinese For Failure to Have Licences

Two Orientals were given suspended sentences when they appeared in the Provincial Police court yesterday on charges of delivering hot-house tomatoes without a marketing board licence. A third Chinese failed to appear.

Lee Bing pleaded not guilty and Leung Sing entered a plea of guilty. A warrant will be issued for the arrest of Harry Lee Hing, who failed to put in an appearance. Hearing of a charge against Sam Brothers, Langford, of failing to provide the necessary fire-fighting equipment during their logging operations, was remanded until next Wednesday.

EVER APPROPRIATE

Simpson was the bad lad of the suburb, and was listening to a neighbor's praise of a particularly striking sermon delivered that day by the new vicar.

"Though, mind you," the neighbor added, "I can quite appreciate the fact, old man, that had you heard it you might have thought it was—well, rather directed at you, personally, if you see what I mean."

"Oh, that's quite all right," Simpson replied, unashamedly. "After all, I guess it'd be a pretty poor sermon that didn't hit me somewhere."

"I was sitting West and the hand is the worst freak I ever had. South opened the bid of four hearts, a bad bid, of course. It should have been three hearts. I then bid four spades. This was either bold or rash and I don't know which it would say. I figured this way. If my partner had nothing, the opponents had a slam; if my partner had something, the sacrifice would be worth while and obviously it was the last opportunity for a bid. North doubled. I made five, which finally proved to be a tie for top.

"I would appreciate your comments on my bid. Of course, I would not have made it had we been vulnerable. Yours truly,

"B. G. New York"

I note that my correspondent thinks that South's proper bid was three hearts. As a matter of fact, this, of course, would have been far better than the four heart shut-out actually used, but still not the best bid by any means. South's holding was distinctly slamish and, although he could not afford to open with a two bid when holding only four honor tricks, the bid that offered the greatest chance of reaching the proper spot was a mere one heart. West had no need to feel that he was rash in overcalling the four heart bid with four spades. His

Too Much Talking

Those who are given to extended conversations on party lines should read page three of the telephone directory: "The company may limit conversations on party lines to five minutes when longer conversations interfere with the use of the service by other subscribers on the same line. When the use of the service by any party line subscriber is sufficiently great to prevent a fair and proportionate use by other subscribers on the line, the company may require the subscriber to contract for another grade of service or terminate the service of such subscriber."

Not long ago a Fernwood Road man left a suit in a store doorway to be called for by a cleaner. Some person with criminal intent stole the clothes before the cleaner's truck had in sight. The Fernwood man has an extra pair of trousers belonging to the suit, and is thinking of inserting an advertisement to the effect that the thief may as well call at his home and pick up the spare breeches.—G.B.

Glancing Over Sport

As the fight bug is in the air these days, I must give you the winner of tonight's welterweight title bout between Henry Armstrong and Barney Ross, the defender. Although I think Ross is one of the gamest, I honestly believe that Armstrong will stop Barney tonight around the tenth round. Lack of fights during a long period is the reason.

Some more contributors to the fight prediction line-up. Jack Bellis, former captain of the U.B.C. Canadian football team, says Max Schmeling about the eighth round via a knockout. His brother, Art, gives the German a decision. Ronnie Whitlaw, steward at the Oak Bay Golf Club, is close to what I will predict the morning of the fight. He says Louis will win by a knockout in the eighth.

Then again we have Tommy Watcher, who roamed the senior baseball league outfield for several years, who thinks and sincerely hopes that Maxie Schmeling will take the crown off the colored champion's brow.

Waite Hoyt, who toiled twenty-two years on the mound in the major leagues, is now with a semi-pro club in Brooklyn, following his release by the Dodgers. Jack Brownish, Australian tennis star, has taken up golf and puts one-handed.—J.D.

Not Recognized

Sunny days bring out fresh crops of black-eyed Susans and daisies on our downtown street. We mean those addicted to the smoked-glass craze, most of whom are so diligent in protecting delicate optics that they fail to realize that the glasses also prove a disguise. Movie stars have found that out. The glasses screen the most expressive half of their faces, and wearers must understand that too often friends do not return their smiling greeting for the simple reason that they do not recognize the faces under the dark windows.—L.A.G.

Rescued From Cold Bath—When the steamer Badger was entering the harbor on the morning of the 24th, three men who were in a flat-bottomed skiff attempted to get a tow by taking hold of the steamer. They only succeeded in upsetting their skiff and were rescued from their cold bath by the people on the steamer.

Buy Eighty Acres of Land—Says the Vancouver News-Advertiser: The president of the Hamilton Powder Company, who has been in the city this week together with Mr. Gordon, the company's agent for the province, has, after examining the various places suggested for the location of a magazine, selected and purchased eighty acres of land about one and a half miles beyond Hastings, near the railway track. A contract has been let for the construction of the magazine and for the clearing of the timber off the land around the site, and the building will be completed and ready for use by the company within a short time.

Mayor Congratulates Winners of Dominion Drama Festival Cup

Victoria Beaux-Arts Team Greeted Upon Return From Winnipeg—Praise Given Mrs. E. W. Hetherington—Generous Hospitality

ON behalf of the City of Victoria, Mayor Andrew McGavin welcomed the members of the cast of the Beaux-Arts Society's winning team in the Dominion Drama Festival, which has just concluded in Winnipeg, on their return from the East yesterday afternoon, and congratulated them upon having brought such an honor to Victoria and to the province of British Columbia.

It is the first time in the history of the Dominion Drama Festival that an award has been made west of Winnipeg, and it was with the play "Hands Across the Sea," by Noel Coward, that the Beaux-Arts won the Bessborough Trophy, the highest award in the festival.

To Mrs. E. W. Hetherington, who was chosen as one of the four best women actors in the festival, a dainty corsage bouquet of roses and sweet peas from the Beaux-Arts was presented by Miss Doreen McGregor, who is the society's candidate in the Miss Victoria contest.

EXTENSIVELY FETED
During their stay in Winnipeg, the visiting drama teams and governors were extensively entertained at group and private affairs. Besides the private parties, the social programme included a luncheon at the Winnipeg Women's Canadian Club held at the Port Garry Hotel, at

which the British Columbia governors of the Dominion Drama Festival, Capt. T. L. Thorpe-Douglas, Victoria, and Judge C. J. Lennox, Vancouver, were present. Major L. Bullock-Webster, the other governor from British Columbia, was unable to be present at the opening affair, but attended all other entertainments. A supper party was held at the Manitoba Club following the concluding play on the opening night. His Excellency the Governor-General was present, also the British Columbia governors of the Dominion Drama Festival, and several members of the cast.

The second day of the programme included a large luncheon party at the home of Mr. G. H. Atkins, K.C., at which His Excellency the Governor-General was present. It was at this gathering that the governors and members of the casts were presented to His Excellency. Another

luncheon was arranged by the Winnipeg Masquers League at the Manitoba Club, and a supper party was given by Colonel and Mrs. Osler, and a punch party at the Port Garry Hotel was given by the Winnipeg committee of the Drama Festival.

Business meetings of the governors of the Dominion Drama Festival from the provinces throughout Canada were held on the Thursday and Friday afternoons during festival week.

The highlight of the proceedings came, when, after the festival concluded, the Lieutenant-Governor of Manitoba, last Sunday afternoon, entertained the members of the cast to tea to enable them to meet the adjudicator, Mr. Barrett H. Clark, New York.

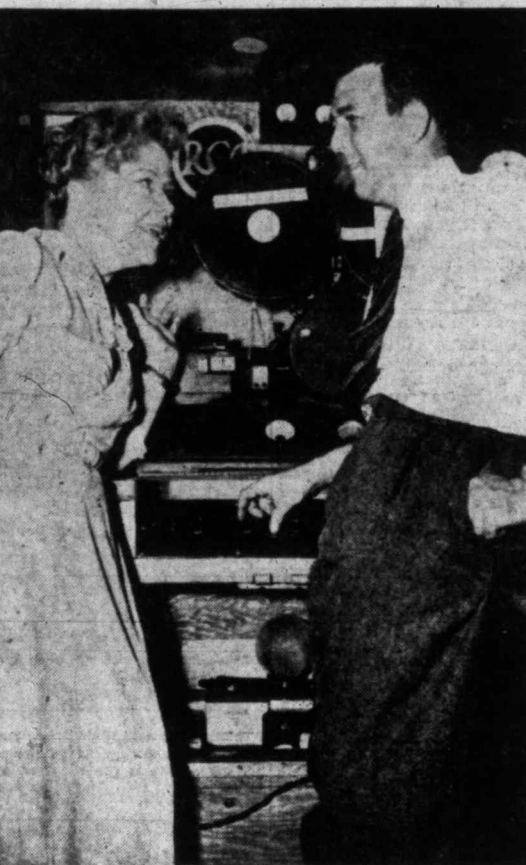

New Microscope Ultra-Powerful

BERLIN, May 25 (AP)—The Siemens-Halske Company today announced invention of an ultra-microscope which it said would magnify 100,000 times as compared with a previous limit of 2,000 times. The company said the new instrument used electron rays instead of ordinary light rays.

IS SHOT ACCIDENTALLY WHEN SHOOTING CROWS

NEW WESTMINSTER, B.C., May 25 (AP)—L. H. Briggs, forty-six-year-old resident of Ocean Park, fifteen miles south of here, was recovering in hospital here today from a gunshot wound in his right thigh. Briggs was shooting crows when his .22-calibre rifle accidentally discharged.

GARRY HARRIS

Former Victorian, shown above with Spring-Byington, film star, has been accorded a signal honor in Hollywood, being assigned to record the sound for Frank Capra's new Columbia production, "You Can't Take It With You," according to word from the South. Harris and Miss Byington are seen in his sound truck, just off the Capra set, listening-in to recorded dialogue. His mother, Mrs. B. L. Archibald Harris, resides at The Rocabella, Quadra Street. Harris was educated at the Collegiate private school, graduated from Oak Bay High School, and spent two years at Victoria College. He started his career as an electrician in Seattle, and later entered pictures as an electrician. Since being under contract to Columbia, he has recorded two productions filmed in this city, "Angel Face" and "Devil in Ermine."

TO DELIVER TWO ADDRESSES HERE

Professor E. P. Horowitz at Rotary Club Today—Will Give Lecture on Friday

Victoria is being visited this week by the well-known philologist and lecturer, Ernest P. Horowitz. The visitor is at present identified with the staff of the University of Washington in Seattle. During his stay in Victoria, Professor Horowitz will be the luncheon speaker at the Rotary Club today at noon, taking as his subject "Race Problems and International Education." On Friday

evening in the Empress Hotel, he will deliver a lecture on "India and Gandhi."

Professor Horowitz has spent considerable time in the Far East. He was lecturer in comparative philology in the University of Bombay, India, and in the University of Rangoon, Burma.

Professor Horowitz is the publisher of a number of books, the latest being "Veda and Vedanta."

ALLOCATE FUND TO B.C. TRAILS

Government Will Spend \$75,000 at Manson Creek In Omnica Riding

Upwards of \$75,000 of the \$360,000 Federal-Provincial programme for mining trails in British Columbia, will be spent on the Manson Creek trail in Omnica, to give a truck road from Vanderhoof to Manson Creek, Hon. W. J. Assestine announced yesterday.

Other allocations in the programme include graveling of the main road through Zeballos, on the West Coast of Vancouver Island, and its possible extension for several miles farther inland in the same region.

The sum of \$5,000 has been earmarked for assistance to private mining roads, where owners and prospectors will do the work themselves, under supervision of the Provincial Mines Branch, the Minister of Mines said.

In the Bridge River and other areas, routine extensions and continuation of former trails are planned.

Mr. Assestine will leave for the North next week, on a visit to the Stewart Canal and other areas.

WALKS TWO DAYS TO REPORT PLANE CRASH

Continued from Page 1
Bill Martin, Vancouver air engineer and Elliott's mechanic, completed a hazardous journey by land and water from the unnamed lake where the crash occurred, to Port St.

James. His story sent Russ Baker, Canadian Airways pilot, to the scene to pick up Elliott and Mrs. East.

The body of Miner was jammed so tightly in the wreckage that Baker was forced to leave it.

Also resting at hospital here were Mrs. East and Bill Martin. The woman was said to be recovering from cuts, bruises and shock, as was the mechanic from head injuries and exhaustion from his hazardous trip.

Martin said the crash was caused by a sudden downdraft current which struck the plane as it circled the lake, sixty miles from Port St. James. The ship struck the water and overturned.

HIKES TWENTY-FIVE MILES

The mechanic managed to get Pilot Elliott and Mrs. East to shore and set out for aid. Though injured, Martin hiked through the thick bush country for twenty-five miles to the Middle River, where he found an abandoned outboard motor.

Overhauling the old machine, he affixed it to a leaky dugout canoe and completed his journey by water to Port St. James, at the head of Stuart Lake, and notified Pilot Baker.

The Canadian Airways pilot, guided by directions given by Martin, reached the crash scene to find the injured pilot and woman in a state of collapse. They had been without food or matches since Martin left them to set out for aid.

Baker picked up Martin at Port St. James on the return trip and flew all three to hospital here, arriving last night.

MICHIGAN CITY, Ind., May 25 (AP)—Although the setting was romantic, Sydney Hymawitz, twenty-one, of Chicago, found someone besides Cupid was firing arrows in Washington Park.

One creased Hymawitz' scalp. Six stitches were required to close the wound. Police said the arrow was shot by a child from a "toy contraption."

"CADDY" SEEN AT QUALICUM BEACH
Five Persons Report Watching Sea Monster for Five Minutes at Holiday Resort
QUALICUM BEACH, May 25.—Vancouver Island's famous "Caddy" is taking his vacation early this year. He was seen at Qualicum Beach on Sunday morning by Mr. and Mrs. T. G. Morgan, P. Morgan and two members of the Morgan Hotel staff, about 400-500 yards from shore, traveling south, and in clear view for nearly five minutes.
"He was just like all the descriptions to date," said T. G. Morgan. "Draught color, three or four humps visible above water, and a narrow head, more like a camel than a horse, and moving fast. We didn't have a camera, but all five of us saw him clearly."
"Caddy's" last appearance here was in 1926, when J. Elliott observed him from the beach.

Senior W.A. To Purchase Necessaries

The Senior Women's Auxiliary to the Royal Jubilee Hospital, at its monthly meeting held yesterday afternoon at the Nurses' Home, approved the following requests from Miss Mitchell: Ten over-bed tables at the cost of \$16 each, for the private wards; fifty spring-filled cushions for chairs in the private ward, at an approximate cost of \$3.75 each, and two additional air conditioners at the cost of \$29.95 each.
Some of the articles have already been placed in the wards and have proved comfortable for the patients.
Arrangements to collect dues from Saturday, June 4, to Saturday, June 11, at David Spencer, Ltd., were made and members will be at the entrance to the store on the following days: Saturday morning, June 4, Mrs. P. VISIT SALTSPRING

Over a hundred of the Knights of Columbus recently visited Salt-spring, making the morning trip from Victoria by the ferry Cy Peck. After a picnic at Burgoyne Bay, the visitors drove to Gonzaga and other parts of the Island, where they inspected many of the beauty spots.
The Sports Touring Club of Victoria, choosing the same day to make its first outing of the season, also visited Salt-spring, where the members had lunch and tea at Mr. and Mrs. A. Inglis' Camp, Vesuvius Bay. A special ferry at 7 p.m. made the return trip to Swartz Bay, giving the visitors a long day on the island.

Odd Form of Protest Is Not Of Much Avail

Kichen Singh, East Indian, 536 Head Street, staged a novel protest against having his water turned off when he visited the City Hall at noon yesterday. He took off his coat and vest and lay on the floor in the waterworks office until bodily removed by two policemen half an hour later.
Waterworks officials explained that the East Indian's water was turned off on Monday because of his delinquency in paying the bills.

Little Stories for Bedtime

Farmer Brown's Boy Spreads Good Cheer
By THORNTON W. BURGESS

I pray you have no smallest fear,
You'll find I'm bringing you good cheer.

So sang Farmer Brown's boy as he came gliding over the icy crust toward the dear Old Brier Patch. Of course Peter couldn't understand him. That is, he couldn't understand the words for Peter hasn't learned human language and Farmer Brown's boy hasn't learned rabbit language. But acts often speak louder than words, and are just as easy to understand. For a long time Farmer Brown's boy had done so many kindly deeds that even the most timid of the little people of the Green Meadows and the Green Forest were beginning to understand that he was their friend, and that they no longer had anything to fear from him.

Little Mrs. Peter is such a timid little body that she cannot always make herself believe what she wants to believe. You know how that is. As soon as she was big enough to learn anything at all she was taught by her father, Old Jed Thumper, that the great two-legged creatures who sometimes visited the Old Pasture where she lived were never to be trusted at all, and as she had grown older, she had reason to think that Old Jed Thumper was right. So when she had begun housekeeping with Peter down in the dear Old Brier Patch, she found it very hard work to have any faith in Farmer Brown's boy. In fact, she never had quite wholly overcome her suspicions.

So this morning as she saw Farmer Brown's boy coming her heart began to beat a little faster. She hoped he was bringing them something to eat, but she was more fearful than hopeful. She just couldn't help it. And then, too, there was something suspicious in the way Farmer Brown's boy was coming. Never had she seen him move like that. Neither had Peter, for that matter. Now it is one of the rules of the little people of the Green

City and District

Hose Stolen—Police were informed yesterday by A. T. Pete, Colwood Country Club, that 100 feet of half-inch garden hose had been stolen.

Directors to Meet—The board of directors of the Victoria Chamber of Commerce will meet this afternoon at 4 o'clock in the committee room.

Fire Call—Burning rags in a basement caused a small fire in Phil Foster's Speedway Service Station at 2301 Douglas Street at 3:15 o'clock on Tuesday afternoon.

Watch Stolen—John L. Keating, 117 Beverly Hotel, reported to police last night that his wrist watch, valued at \$60, was stolen from his room during his absence on Monday afternoon.

Back From Inspection—Assistant Commissioner T. W. S. Parsons, of the Provincial Police, returned yesterday from an extended inspection tour of detachments of the force throughout the province.

Need Potatoes—The welfare branch of the city relief office is in need of three bushels of seed potatoes for a man on relief who is attempting to cultivate a large garden. Those able to assist are asked to telephone Garden 8104.

Premises Entered—Thieves who entered Two Jacks pool room at 1315 Government Street through a rear window early yesterday morning looted an amusement machine of its contents. Entry was gained by tearing iron bars off the window.

New Dwelling—A city building permit was granted to W. Cross yesterday to erect a five-room dwelling at 750 Selkirk Avenue at a cost of \$3,500. The contractor is J. R. Kennedy, and J. Graham Johnson is the architect.

Radio Stolen—Entry was gained to John Macdonald's service station at Gorge Road and Government Street early Tuesday morning by smashing a glass door panel. A small radio set offered at \$30 was stolen.

Three Fined—Two motorists who pleaded guilty to charges of parking over the hour limit were each fined \$2.50 in the City Police Court yesterday morning. A third was fined \$2.50 for failing to park his automobile within twelve inches of a street curb.

His Car—W. L. Shroeder, 852 Wollaston Street, informed police on Tuesday evening that a Miss Gray, of 1121 Quadra Street, ran into his automobile at Government and Johnson Streets when mounted upon her bicycle. She was driven home, complaining of pains in her back.

Enter Premises—Police were informed last night by W. O. Dymond, 1417 Broad Street, that thieves had entered his home between 11 p.m. on Tuesday and 12:30 p.m. yesterday, and stole an electric razor and a cigarette lighter. A screen in a rear window was out out to gain entry.

Cash Stolen—Thieves who entered the home of Miss J. Cathcart at 1926 Birch Street by unfastening a bedroom window early yesterday morning ransacked every room in the house. Detective Pearson Woodburn ascertained that \$1.75 in cash was taken. Several articles were taken to the police station to be examined for finger prints.

Cabinet Here—Six of the nine

members of the British Columbia Government were gathered in the city yesterday, under Acting Premier Hart, who returned from Qualicum after a brief vacation over the holiday period. Premier Pattullo was at Washington, D.C.; Hon. P. M. MacPherson on his way to Ottawa, and Hon. A. W. Gray at Prince George, on a tour of the Interior.

Fined \$25—In the City Police Court yesterday, Ted Stevens was fined \$25, with the option of serving five days in prison, when he pleaded guilty to a charge of being intoxicated in a public place. Constable Thomas Stevenson described a fight in which the accused was involved early on Tuesday morning. As a result of the fracas, a plate glass window was broken at 1419 Broad Street.

Minister Intervenes—Hon. G. S. Pearson was reported to have intervened yesterday in differences between cannery operators and two fishermen's unions on the Mainland. The Province would require from operators assurance that reasonable negotiations had been commenced with the men, and from protesting groups proof that they represented the fishermen concerned, it was indicated.

WOLFVILLE, N.S., May 25 (C.)—Senator J. W. deB. Farris, of Vancouver, today received an honorary degree of doctor of civil law at closing exercises of Acadia University here. Born at White's Cove, N.B., he entered Acadia in 1895 and graduated in 1899.

REFINANCING PLANS
MONTREAL, May 25 (C.)—An ordinance approving financial reorganization of the Beauharnois Power Corporation will be made public within a few days. It was announced today by Joseph Giguere, president of the Quebec Electricity Board. The ordinance will grant the corporation permission to issue new bonds for its old ones to the amount of \$75,000,000.

Chronic Fatigue
Tells of exhausted Nerves
In health, rest soon overcomes fatigue. When you become chronically tired there is an underlying cause.
Perhaps you cannot rest or sleep because of the irritability of the nerves. Memory and power of attention soon weaken when the nervous system is exhausted. It is difficult to concentrate the mind and the daily task becomes a worry and a burden. Indigestion and sleeplessness ruin your temper, and you become depressed and discouraged.
Whatever may have been the cause there is a way in which to regain health and that is by the use of Dr. Chase's Nerve Food. Nerve Food is created to restore the functions to the bodily machinery and ensure the healthful working of the mental and physical organs.

Life Today calls for ENO'S
Modern people take hardly any exercise—spend their days hard at work indoors—eat soft food and too much of it—no wonder headaches, indigestion and "nerves" are such common everyday complaints.
Eno's "Fruit Salt" acts in nature's own way, to gently flush away wastes that clog your foodways, rid you of poisons and impurities, counteract hyper-acidity and encourage your digestive organs to perform healthily. Eno's "Fruit Salt" is pleasant-tasting and refreshing. Keep fit with a sparkling glass of Eno first thing every morning. CASH/NE

Canadians Are Guests At Buckingham Palace

Their Majesties Hold First Evening Party of Season—Queen Wears Beautiful Gown of Silver Lame Embroidered With Diamante

LONDON, May 25.—Six Canadian women were among hundreds from Great Britain and the Empire who attended tonight the first evening party of the season at Buckingham Palace as guests of the King and Queen.

The party created a precedent in that the invitations gave each guest the same standing as if presented at a formal court. However, the women wore ordinary evening dresses and the men uniforms or evening clothes with breeches. The party was for married women and their husbands.

The Queen wore a silver lame gown embroidered with diamante, and a diamond and ruby tiara and necklace.

THE CANADIANS
Mrs. Vincent Massey, wife of the Canadian High Commissioner, introduced the Canadian women, who were:

Mrs. Lealie Brown, wife of a Canadian Government trade commissioner in London, who wore a sheath gown of white and silver lame.

Mrs. Robert Cameron, wife of Flight-Lieutenant Cameron, Trenton, Ont., dressed in aquamarine gown, with a diamond and ruby tiara and necklace.

Mrs. Gerald Loggie, wife of Colonel Loggie, Ottawa, who chose a princess dress of white lace, re-embroidered with silver over white satin, and wore pearls.

Mrs. Guy Turner, wife of Lieut. Colonel Turner, Ottawa, who wore a sheath gown of silver lame with a square décolletage and a small train.

Mrs. Duncan MacDonald, wife of D. A. L. MacDonald, former Montreal newspaperman, who wore blue and silver lame with a corsage of embroidered silver paillettes and a cowl neckline.

Mrs. Arthur Purvis, wife of Arthur Purvis, Montreal, who wore a gold lame gown with a short train, and a diamond tiara.

Weddings

FIRKINS—HORNE

The marriage of Edna, second daughter of Lieutenant and Mrs. J. G. B. Horne, and Mr. Whitney (Joe) Firkins, son of Mr. and Mrs. L. Firkins, 3355 Clover Street, was quietly solemnized at 7:45 last night in Christ Church Cathedral, Rev. A. E. G. Hendy officiating in the presence of relatives of the young couple.

The bride, who was given away by her father, wore a floor-length princess gown of white satin with long pointed sleeves and a V-neck. Her smart turban of white straw was trimmed with white flowers and a short veil, and her corsage bouquet was of Ophelia roses and lilies of the valley.

Miss Doris Horne was her sister's bridesmaid, and wore a pretty frock of navy blue net over taffeta, trimmed with pink, and she wore a navy straw hat trimmed with pink flowers and a corsage bouquet of Talisman roses and violets.

Mr. William Van Munster was best man. Early summer flowers were attractively arranged at the home of

the bride's parents, Oscar Street, for the reception which followed the service, the bride and groom standing in a bower of flowers between tall white baskets filled with blooms to receive the greetings of their friends. Mrs. Horne wore a frock of navy blue triple sheer over floral taffeta with matching accessories, and Mrs. Firkins, Sr., was dressed in black. They both wore corsage bouquets or gardenias. The white and silver wedding cake was surmounted by a vase of bridal roses, and centred the supper table, which was covered with a lace cloth and decorated with vases of pink and white sweet peas and tall white tapers in silver holders.

After a short honeymoon in Vancouver, for which the bride left in an Oxford grey suit with rose-copper accessories, Mr. and Mrs. Firkins will return to Victoria for a visit before leaving for Trail to make their home. Mr. Vernon Taylor, Trail, was a guest at the wedding.

ENGAGEMENTS

GORE—BRYSON

The engagement is announced of Margaret Grace Bryson, eldest daughter of Mrs. H. L. White, Burnside Road, and of the late Mr. Bryson, to Mr. James Gore, eldest son of Mrs. E. Linden, 947 Mears Street, and the late Mr. Gore. The wedding will take place next month.

Begbie Chapter

Members of the Sir Matthew Baillie Begbie Chapter wishing to attend the luncheon for National Chapter delegates at the Oakbay Beach Hotel on June 3 at 12 o'clock are asked to telephone Miss E. M. King, E 3319.

Golfers Are Entertained At Qualicum

A large crowd of visitors registered at the Qualicum Beach Hotel during the week-end, some of whom took part in the Upper Island golf championships played on the Qualicum course every Empire Day holiday. The weather conditions this year were exceptionally good, and a round of social affairs provided entertainment for the visitors.

Hon. John Hart and Mrs. Hart had a cocktail party for the golfing enthusiasts after the first day of play, Saturday, and on Sunday, Major Hogg, Victoria, entertained the same group. After the matches on Monday, General and Mrs. A. D. McRae entertained at their Qualicum Beach home, "Eaglecrest."

Buffet luncheons were the order of the week-end at the hotel, and after luncheon on Empire Day, General Noel Money presented the golf prizes. On Monday evening a dinner dance in the dining-room was one of the much enjoyed social affairs.

Visitors from Victoria included: Major Hogg, Miss M. French, Dr. T. McPherson, Dr. W. Barrett, Hon. John and Mrs. Hart, Mr. and Mrs. Harold Wilson, Mr. C. E. Brown, Captain George Wilder, Mr. J. W. Ruggles, Mr. and Mrs. J. H. Wilson.

From Vancouver there were: Mrs. John Rose, Mrs. H. McCreery, Mr. J. H. Powell, Major and Mrs. Gus Lyons, Mr. and Mrs. R. J. Stuart, Mr. and Mrs. Alan DesBrisay, Mr. Geoff Wootton, Mrs. Mary Newell, Miss Katie Duff Stuart, Dr. and Mrs. O. Leslie, Mr. and Mrs. J. Lamprey, Mr. G. Locky, Mr. H. Martin, Miss Jeanne Scott, Mr. F. L. Dawson, Mrs. R. P. Baker, Mrs. C. Tweedale, Mrs. O. Erickson, Mr. and Mrs. Gordon Money, Miss K. Morrison, Mrs. Golding, Mrs. V. McDonald, Mr. and Mrs. Hamish Hamilton.

Other visitors included: Miss Phoebe Hogan, Duncan, Mr. H. P. Hoggan, Nanaimo; Mr. and Mrs. Leon de Turenne, Seattle; Colonel Bourke and Mr. G. Forbes, Parksville; Miss J. Penney, Qualicum and Mrs. M. Capellar, Reno, Nev.

Clubs—Societies

Guild of Sunshine

The Guild of Sunshine held its monthly meeting at Ganges House, Salt Spring Island, the president, Mrs. G. J. Mouat, in the chair. The June meeting of the guild, which will take the form of a garden party, will be held either at the home of Mrs. Cross, Ganges, or that of Mrs. G. J. Mouat, both of whom have kindly offered their gardens for the purpose. There will be a stall of miscellaneous articles for sale at the meeting. A statement of the proceedings transpiring at the recent committee meeting of the dental clinic was read. A report was given on the splendid progress made by a recent case which had been assisted by the guild, and arrangements were made to visit and give a present to a sick member of the guild. Tea hostesses for the afternoon were Mrs. Ross Young and Mrs. W. Norton.

Women Conservatives

The Victoria Women's Conservative Association will meet at its clubroom, Campbell Building, this evening at 8 o'clock, with Mrs. S. R. Bowden, president, in the chair. Mr. John Fraser, formerly M.P. for the Cariboo, will be the guest speaker. All friends are cordially invited to attend.

St. Joseph's Alumnae

St. Joseph's Alumnae met last evening in the Nurses' Home, the president, Mrs. F. M. Bryant, in the chair. A nominations committee was appointed for the election of officers in June.

Presbyterian W.M.S.

The Presbyterian executive of the Presbyterian W.M.S. will meet tomorrow at 3 p.m. in the lecture room of St. Andrew's Church.

WOMEN'S INSTITUTES

GANGES

For the benefit of the dental clinic sponsored by the Ganges Institute, Mr. Claude Harrison, Victoria, president of the Alpine Club, showed a series of interesting moving pictures.

NEW RESTAURANT TO OPEN TODAY

Today sees the opening of the Old English Coffee Room, a fully modern restaurant located in the Douglas Hotel. Under the management of Mr. and Mrs. E. W. Ingie, who have had twenty-five years' experience in the restaurant business in Vancouver, the new cafe opens in premises which have been completely redecorated, with entirely new fixtures, furniture and drapes. The main entrance and rotunda is off Pandora Avenue, and throughout the Old English atmosphere is maintained, with the best of service and delicious meals.

In addition to full course menus, a "quick-snack" counter is maintained, rounding out the service to include every need. All white help is employed, and only the highest quality of foods and cooking will be tolerated.

Mr. Zero
Patricia Wentworth
England's Leading Woman Author of Thrillers

CHAPTER XXXV

Inspector Boyce very nearly disgraced himself. His face stiffened and assumed strange tints. Mr. Brook remained unmoved. Colonel Anstruther said in the tone of a man who prays for patience: "Carefully note the difference in the height at which they are extending their hands. Cast your mind back to the drive at Wellings. You gave that envelope to a man who put out his hand to receive it. Look at the Inspector, look at Mr. Brook. Try and remember whether Mr. Zero's hand was as high as the Inspector's or as low as Mr. Brook's."

Sylvia looked, and said, "I don't know. But I'm sure he was tall."

"Why?"

"Because he was—I mean, I always thought of him that way—at least I don't know—I did then, but not afterwards."

"Excuse me, Colonel Anstruther," said Mr. Brook.

Colonel Anstruther nodded. "That'll do, Boyce," and the Inspector went back to his notes.

Mr. Brook brought up a small hard chair and sat down.

"Now, Lady Colesborough," he said in a soft, pleasant voice, "I want just to ask you one or two questions."

"I'm so tired of them," said Sylvia.

"I'm sure you are, but I just wondered what you meant when you said that you thought Mr. Zero was tall but not afterwards."

Sylvia looked blank. "I don't know—I just thought he was."

"What happened to alter your impression? I mean, why did you think he was tall at first, and then stop thinking so?"

"Oh, but I didn't," said Sylvia a little breathlessly.

Mr. Brook was of an admirable patience.

"He said, 'Will you try and tell me what you mean?' It's very interesting, you know."

She smiled and relaxed. It was nice to feel interesting, she really tried to remember.

"When he rang up just before we went to Wellings I thought it was wonderful of him to help me, because I was feeling as if I should die if Francis found out what a lot of money I'd lost, and it was all on the telephone, and I didn't notice about his being tall or anything like that, but when I gave him the envelope in the drive at Wellings he—somehow he frightened me dreadfully. I ran all the way to the house. That was the time I

The Agony Of Eczema

Eczema, or salt rheum, is one of the most torturing of itching skin diseases. The principal cause is bad blood, aided by inactive skin and inflammation. It manifests itself in small, round pimples or blisters which later on break and form crusts or scales, and the intense burning, itching and smarting are almost unbearable.

To eradicate eczema from the system it is necessary to give the blood a thorough cleansing, and for this purpose we would highly recommend Burdock Blood Bitters.

Mrs. Joseph R. Berger, Millbank, Ont., writes: "Several months ago I was troubled with eczema on my hands. I could not help with the milking my hands were so sore and itching, and could hardly put them in water."

After I had taken two bottles of Burdock Blood Bitters I found my hands were healing very quickly. I have never found a remedy to compare with B.B.B. for purifying the blood."

PICTURE MARKS RETURN OF STAR

"Action for Slander" Brings Clive
Brook to Oak Bay Theatre
With Ann Todd

Apart from marking the welcome
return of Clive Brook, "Action for
Slander," Victor Saville's new film,
which will start today at the Oak
Bay Theatre, is notable for the all-
round excellence of its cast.

Each part, from stars downwards,
is played by a "name." Opposite
Brook there is Ann Todd, one of
the most capable of Britain's
younger players, who revealed her
worth in a small role in "Things to
Come." The "ramp" is played by
Margaretta Scott, strikingly beau-
tiful, and the British screen's premier
menace.

his co-star in the famous "Lady

and Evelyn Venable, last seen op-

Supporting the three stars are
Marc Lawrence, George McKay,
John Galloway, Helen Lowell, Gary

Will Show for Two More
Days at the Capitol

"The Adventures of Robin Hood,"
a Warner Bros. Technicolor version
of the famous story, and starring
Errol Flynn, will, through popular
demand, be held-over for two more
days at the Capitol Theatre.

In the cast of "The Adventures of
Robin Hood" besides Errol Flynn in
the title role and Olivia de Havil-
land as Maid Marian, are such
notables as Basil Rathbone, Claude
Rains, Alan Hale, Ian Hunter, Mel-
ville Cooper and Montagu Love. The
picture was directed by Michael
Curtiz and William Keighley.

RURAL EVENT IS NOW SHOW TITLE

"The Old Barn Dance" Comes to
The Columbia Screen With
Gene Autry Starred

One of the most popular of rural
events enjoyed by city and country
celebrants alike is the title of Gene
Autry's latest Republic Western,
which will start today at the Co-
lumbia Theatre.

It's "The Old Barn Dance," an
attractive title since barn dances
have long been, and will be, popular
entertainment events.

Smiley Burnette, Helen Valkis
and Sammy McKim head the sup-
porting cast in "The Old Barn
Dance."

SHARES IN EARNINGS
Each group of owners should
continue to receive under unifica-
tion the net earnings which past
experience indicates their company
would have received as an inde-
pendent institution, and that the
additional net earnings made avail-
able by unification be shared
between them on an equitable basis.

FIVE ADVANTAGES
The five advantages of unification
stated by Sir Edward:
1. Considerable relief for the
treasury of the nation. "It is true
that we could scarcely expect unifi-
cation to relieve the treasury of all
its burden arising from the present
railway situation. Only in the event
of a radical change in world and
Canadian economic conditions could
this occur. However, I am con-
vinced that the relief which could
be afforded would be most im-
portant."

STEAMSHIP SERVICES
The proposed unification included
communications and hotel services
as well as the railways themselves.
Sir Edward indicated. Unification
of steamship services had not been
considered yet. Sir Edward listed
five points he regarded as vital to
unification. They were:

1. The two railway companies
should continue to own their pre-
sent properties. The securities of the
companies would remain in their
present ownership. No question is
involved of the value of the prop-
erties or of any new capital set-up.

2. No guarantee should be given
to the Canadian Pacific of a re-
turn on its stock or other capital
issues. "I say this because I am
convinced that no guarantee of in-
terest on the debentures stock and
bonds of the Canadian Pacific will
be necessary. As to dividends on
the stock, I do not see that it is
necessary to give shareholders any
protection beyond a reasonable op-
portunity for the company which
they own to earn a reasonable profit."

3. Each group of owners should
continue to receive under unifica-
tion the net earnings which past
experience indicates their company
would have received as an inde-
pendent institution, and that the
additional net earnings made avail-
able by unification be shared
between them on an equitable basis.

4. Adequate provision should be
made to prevent the unified com-
pany from neglecting its duty as a
public utility and depriving any
community of necessary railway
service. "This, of course, can be
easily arranged by adding, if nec-
essary, to the strength and powers
of the Board of Railway Commis-
sioners. I may remind you that the
board among its powers today,
controls the cancellation of trains,
the closing of stations and the
abandonment of lines."

Sir John and His Budget

This photograph of Sir John Simon, Chancellor of the British
Exchequer, was taken as he made final preparations for the Budget,
which added tremendously to the heavy burden which the British tax-
payers are already carrying.

RAIL UNIFICATION PROPOSAL OUTLINED

Continued from Page 1

involve no change in ownership of
either the Government-owned
C.N.R. or the privately-owned
C.P.R., Sir Edward indicated.

SEES SERIOUS ALTERNATIVE

Emphasis has been laid in discus-
sion of unification that it would
entail abandonment of much light-
traffic mileage. But the C.P.R.
president warned that if there was
no unification, with the savings it
would accomplish, financial ex-
igencies would force greater aban-
donments.

Sir Edward adhered to his esti-
mated savings of \$75,000,000 under
unification, made before the Duff
Royal Commission in 1932, on the
basis of 1930 traffic.

Once the two systems had been
unified, he agreed it would be
"extraordinarily difficult" to un-
scramble them again, but he had
given this little consideration as he
was sure of the benefits of unifica-
tion. He claimed unification would
help the railway workers by making
their positions secure, and he would
oppose their being let out without
adequate compensation.

He cited the case of the British
railway amalgamation, where 70
per cent of the workers were re-
tained by the railways and the re-
mainer were taken care of by the
Government.

way workers.

FIVE ADVANTAGES
The five advantages of unification
stated by Sir Edward:
1. Considerable relief for the
treasury of the nation. "It is true
that we could scarcely expect unifi-
cation to relieve the treasury of all

railway situation. Only in the event
of a radical change in world and
Canadian economic conditions could
this occur. However, I am con-
vinced that the relief which could
be afforded would be most im-
portant."

2. Unification would permit the
Canadian Pacific to earn a fair re-
turn on prudently invested capital.
"I am confident that I do not need
to impress upon you the importance

of railway service in the future unless
something be done to free both rail-
way companies from their present
financial stresses."

5. Unification would permit the
stabilization "on what I hope will
be a lasting basis of the employment
of railway workers. At present this
large body of our citizens is engaged
in an industry which is in an un-
sound economic position. For the moment
the Government may be able to
maintain the present situation by
providing large sums annually for
railway deficits. This cannot con-
tinue indefinitely and I am honest
in saying that no one can be a
better friend of railway workers
than the man who urges that the
industry on which their livelihood
depends should be rescued from a
condition of insolvency."

"I am not alarmed over the out-
look for the Canadian Pacific Rail-
way," Sir Edward declared. "By
stringent economy that company
has been able to survive the stresses
of recent years and I look forward
with confidence to its future."

LINE ABANDONMENTS

Too much stress was being laid
on the aspect of line abandonments
and not enough on matters where
substantial economies might be
effected, Senator A. D. McRae
(Con., Vancouver) protested to the
committee today. Savings from
abandonments were demonstrated
to be small. The large economies
lay elsewhere.

The Senator's protest came dur-
ing examination of T. C. Macnabb,
general superintendent of the Cana-
dian Pacific Railway, Maritime Di-
vision. He had been discussing par-
ticularly the proposal in the unifi-
cation plan which contemplated
abandoning part of the trans-
continental from Diamond Junction,
Quebec, to Edmonton, N.B.—a
distance of 337 miles.

"We are putting too much stress
on abandonments," Senator McRae
said. "It has been shown the sav-
ings would be only 10 per cent of
the \$75,000,000. I have no doubt such
abandonments would be proceeded
with very slowly."

The expression, "5,000 miles of
abandoned line," had been coined
by Sir Edward Beatty, declared
Senator Raoul Dandurand, Govern-
ment leader.

WRONG IMPRESSION

"The public has had an entirely
wrong impression," interposed Hon.
James A. Calder (Con., Saltcoats).
"You get more savings on main-
tenance and from rerouting traf-
fic."

If that section of the trans-
continental road were abandoned,

Mr. Macnabb said, and the Inter-
Colonial Railway, from Halifax to
Quebec, and the C.P.R. short line,
through the State of Maine from
Montreal to Saint John, would be
capable of handling all the traffic.
It had been estimated in that whole
territory that only 30,000 people lived
beyond ten miles from these railway
lines.

Another proposal had to do with
abandoning the transcontinental
between Nakina, Ont., and Trans-
cona, Man., a distance of 655 miles.
The traffic displaced could be
handled by the Canadian Northern
and the C.P.R. from Winnipeg to
Fort William, Mr. Macnabb said. In
that section of the country, it was
estimated, only 3,750 people were
dependent on the railway for trans-
portation. They were trappers and
prospectors.

HANDLED BY AIR LINES

But much of their traffic was
now being handled by air lines, par-
ticularly into the Red Lake district,
Mr. Macnabb said.

A 397-mile line from Long Lac,
Ont., to Capreol, Ont., had also been
suggested for abandonment. Of the
three lines that served this region,
that one was the poorest and could
have been abandoned without dis-
turbance to the transportation
structure.

Today's proceedings were featured
by a protest from Chairman George
P. Graham (Lib., Brockville) against
considering only the savings that
would be made by men who already
had money, at the expense of work-
men who had no money. All
abandonments envisaged displace-
ments of labor, he said. And it had
been made clear that substantial
savings were anticipated from that
quarter.

While the B.C. Coast Service Ss. Princess Joan carried 900 excursionists from Victoria to Seattle, on Empire Day, Ss. Princess Margaret, of the same transportation company, arrived from Vancouver with some 1,700 passengers aboard. The Joan left Victoria at 9 a.m. and was back at her berth shortly before 10 p.m. The Marguerite arrived from Vancouver at 12:45 p.m. and left on the return trip to the Mainland city at 6 p.m.

These two excursions featured the transportation of the largest groups of holiday-makers as far as Victoria was concerned, but all the regular steamers arriving and departing from the port carried heavy quotas between Saturday noon and yesterday morning. The Ss. Princess Adelaide, which took the regular run across the Gulf while the Marguerite was bringing the excursion here, and the Ss. Iroquois, of the Black Ball Line, both were well patronized on May 24.

Picnic Visit to
Chatham Island

Members of the Royal Victoria Yacht Club celebrated Empire Day with a picnic cruise to Chatham Island, in which about thirty boats and nearly 100 members and friends took part.

Auxiliary cruisers, power boats, star class boats, international dinghies, snipes and catboats left the clubhouse floats at 10:30 a.m. and early in the afternoon the fleet anchored in Smugglers Cove, where many of the party went ashore, while others exchanged visits among the boats. Commodore E. P. Ashe entertained on board his cruiser Idle Moment.

No races were scheduled, but the dinghies sailed in and out among the anchored fleet during the afternoon, and there were friendly races on the way home in the evening.

There was only one minor mishap during the day, a snipe from Oak Bay breaking her rudder and having to be towed home.

NEW WESTMINSTER, May 25 (P)—Total cargo tonnage handled through this Fraser River port last year was slightly less than in 1936, the annual report of the New Westminster Harbor Commission today showed. The 1937 total was 1,865,325 tons, compared with 2,007,868 in 1936. The aggregate included both foreign and domestic cargoes.

The report said "disturbed conditions" in the Orient, higher ocean freight rates and a short wheat crop

"On the other hand," the report added, "exports to the United Kingdom and other Empire countries show some increase, especially in regard to doors, apples and bar metal."

Last year there were 450 deep-sea ships in port, as against 525 in 1936. Coastal shipping totaled 1,633 vessels in 1937 and 1,646 ships in 1936.

Lumber production on the Lower Fraser River, largely responsible for export cargoes, reached record totals in 1936 and 1937, according to the report. Last year the United Kingdom took 31 per cent of the lumber exported by water from the port, the report said. Australia took 20 per cent.

Clothing Burned
Off Crew Members
In Tanker Blaze

FALL RIVER, Mass., May 25 (P)—At least twenty-five members of the crew of the oil tanker Elwood were injured today when a series of explosions caused fire which threatened to destroy the craft.

Firemen battled for more than an hour before they brought the flames under control. The blast shook the waterfront and was so sudden members of the crew were forced to leap over the sides. Some of them were walking about the docks in a daze, their clothing burned from them. The injured were taken to a hospital suffering mostly from shock.

THOUSANDS AT
CELEBRATIONSParades and Fireworks
Attract Great Crowds for
Tuesday Night Events

Despite cool breezes that wafted over the snow-capped Olympic Mountains, thousands of Victoria citizens enjoyed the concluding events of an Empire Day celebration, a torchlight parade and fireworks in and near Beacon Hill Park, Tuesday night. The programme was carried out with general efficiency by the committee on celebrations headed by Alderman W. H. Davies.

Long before the starting time of the parade, hundreds of automobiles were parked along the Dallas Road waterfront, the mobile fleet extending from Clover Point to Horse Shoe Bay and beyond. Along the waterfront there were additional crowds of spectators and scores braved the cool wind for places of vantage on the beach.

TORCHLIGHT PARADES
The first of the night's twin bill of entertainment was the torchlight procession and illuminated car parade, which started from Beacon Hill School at 8:30 o'clock, preceded by a corps of motorcyclists and Chief of Police John A. McLellan. Then followed the pipe band of the Canadian Scottish and groups of boys carrying lighted torches. Sea Cadets and school cadets took part in the procession with torches to illuminate the decorated bicycle section, which was led by Chanticleer and his escorts and numerous other characters.

BEAUTIFUL FLOATS
The procession included a number of cleverly designed floats that added color and artistry to the event. Among the larger floats was one by Five Roses Flour Company that attracted wide attention and earned a special prize, and the Victoria Fire Department's Treadbuds, a comic band in costume and children of all nations directed by Mrs. Josephine Cassidy, seventy years old, who marched the entire route of the procession. Another attractive entry was that of Miss Jean Sheppard and Miss Helen Tulk in a car-drawn trailer on which were a number of young girls in delicately shaded costumes.

DECORATED CARS
In the decorated car section, the automobile of Mrs. J. C. Newbury won special recognition. It was beautifully arranged and completely covered with natural flowers. Another car that got special mention and special applause from spectators was the entry of the Quarter

Free From Sciatica
for 35 Years

In Perfect Health at 73
—Thanks to Kruschen—
Thirty-five years ago this septuagenarian was helpless with sciatica. Then he heard of Kruschen. Since that day, he has enjoyed perfect health. Here is his remarkable story:

"Thirty-five years ago, I had a severe attack of sciatica, and could scarcely move for about six weeks. Then I started taking Kruschen—about half-a-teaspoonful every morning in hot water. In a few weeks I got rid of the awful pain in my hips. I have never had to consult a doctor since, and am still in perfect health at 73 years of age, which I can only attribute to taking Kruschen 'Salts every morning.'"

Most people grow old long before their time because they neglect one vital need of health—the need of internal cleanliness. Eventually they start the healthy Kruschen habit. Then, probably for the first time in their lives, they start getting rid every day, of all waste matter from the system. The result is renewed health and vigor. Ailments due to clogged systems vanish, youth returns, and life becomes really worth living.

Completed Flight in
Record Time

FRANK W. FULLER

FLYING the same plane that won him the Bendix Los Angeles-Cleveland-New York air race trophy last year, the San Francisco flyer broke the existing record of three hours and twenty-five minutes for the San Francisco-Seattle distance, his time being two hours, thirty-two minutes and fourteen seconds. The flight was made yesterday. Fuller may attempt to break the present record between Vancouver and San Francisco on Saturday.

Cab—a gold coach drawn by a pair of white swans. The City float was outlined in miniature electric lights. The car designed by the Junior Chamber of Commerce also received merited praise.

The Chinese Benevolent Association had a legendary creation, "The Goddess of the Moon," a court scene with beautifully costumed Chinese ladies and decorations of Oriental design. Taka, Indian club swinger, also occupied a place in the procession.

PRIZE WINNERS
The judges, Alderman Alex Peden and Mr. and Mrs. Kenneth C. Drury, awarded prizes to the following:
Decorated Bicycles—1, Charles de Macedo, "Chanticleer"; 2, Al Jordan, "May in Victoria"; 3, Charles de Macedo, "Chanticleer's Chick"; 4, Hudson Blake, "Airport for Victoria".

Ladies in Costume—1, Phyllis Hudson, "V.O.N. Nurse"; 2, Iris Brooks, "Folk of the Birds"; 3, Peggy Blake, "Mae West".
Women of Seventy—Mrs. Josephine Cassidy.

Any Costume—1, Stanley James as "The Mounted Scot"; 2, Dorothy Wiles, "Lady of Chance"; 3, W. Cobbeit, "Mr. Bumble"; from "Oliver Twist"; 4, Hazel Houlihan, "Call for Philip Morris".

Decorated Cars—1, Chinese Benevolent Association, "The Goddess of the Moon Holds Court"; 2, Victoria Junior Chamber of Commerce; 3, Jean Sheppard and Helen Tulk, "Ladies of Art Craft"; 4, Mrs. J. C. Newbury, "Floral Coupe"; 5, Quarter Cab, "Swan-Drawn Sedan".
Special—Taka, Indian club swinger.

NEW YACHT TO BE
LAUNCHED TONIGHT

A twenty-eight-foot cabin cruiser constructed by Delicieux David Donaldson, 2537 Vancouver Street, will be launched at 8 o'clock this evening from a landing next to the Sidney Lumber plant at 2118 Government Street. The trim craft will be christened "Donalds". Detective Donaldson built the cruiser during spare time in the past year.

VANCOUVER SHIPPING

VANCOUVER, May 25 (P)—The Canadian-Australasian Line motor-ship Aorangi was reported due here June 2. She sailed from Auckland, May 17, with 325 passengers in all classes. She is due at Honolulu on Friday.

Wilfred W. Wiltshire will leave here shortly for Capetown, South Africa, to take over a post as superintendent of R. O. Dun & Company there.

Empire Shipping Company, Ltd., reported the French liner San Mateo, which arrived here yesterday, would leave late today for Europe, via Portland, Ore.

Four boats sold their catches on the Vancouver Halibut Exchange today. Prices ranged from 5 to 6.5 cents.

TRAMP STEAMER
IS TOTAL LOSSHarmanteh Ran Aground
On Zealous Island in
Straits of Magellan

VANCOUVER, May 25 (P)—The British tramp steamer Harmanteh was reported here today to have broken up in the Straits of Magellan. The crew of the 2,343-ton vessel was landed safely, according to word received by the Vancouver Merchants' Exchange. She was bound from Santos, Brazil, to Vancouver, when she grounded on Zealous Island and was later abandoned.

Harmanteh was the second vessel bound to the Seaboard Shipping Company to meet distress. A short time ago the Anglo-Australian disappeared on the Atlantic while en route from England to Vancouver.

Officials of the Vancouver Merchants' Exchange said they had received their information from the Seattle Merchants' Exchange. The ship was reported a total loss. It was not known here how large a crew the vessel carried.

PILOT IS INJURED

SOUTHAMPTON, England, May 25 (P)—Pilot Officer A. Keith Hunter was severely injured today when a Royal Air Force seaplane he was flying burst into flames. He came down in a parachute as the plane dropped into Weymouth Bay. He was picked up by a motorboat and taken to a hospital.

**It's No Surprise That
You're Constipated!**
If constipation has you bogged down so you feel tired, sunk, all played out—it's time you asked yourself some questions!

What have you had to eat lately? Just meat, bread, eggs, potatoes? It's no surprise you're constipated! The chances are you don't get enough "bulk." And "bulk" doesn't mean a lot of food. It's a kind of food that isn't consumed in the body, but leaves a soft "bulk" mass in the intestines and helps a bowel movement. If this is what you lack, your stool is crisp crunchy Kelllogg's All-Bran for breakfast every day. It contains the "bulk" you need plus Nature's great intestinal tonic, Vitamin B.
Eat All-Bran every day, drink plenty of water, and take a new lease on life! All-Bran is made by Kellogg in London, Ontario. Sold by every grocer.

"A BETTER POUCH
—I'll tell the world!"

"Right now I'll make a prediction. When you get going with this new, improved Old Chum Tobacco Pouch you'll vote it to be just the smartest bit of packaging that ever beckoned a man to better smoking."

It's spill-proof, seal-tight, moisture-proof—an honest-to-goodness pouch that opens wide enough to permit loading the pipe without spilling, and then folds up snug and smooth to slip into your pocket. Made of special paper, laminated foil and rubber, this flexible, durable, likeable pouch will keep your Old Chum fresh and flavorful down to the last satisfying pipeful.

We don't need to tell you about the tobacco. Old Chum is Old Chum and this new, improved, seal-tight pouch is right worthy of "The Tobacco of Quality."

Hal Schumacher Pitches Giants To Baseball Win

Turns Back St. Louis Cardinals, 3-1, to Get Back Into Winning Column—Cubs Triumph Behind Mound Work of Larry French—Yankees Lose Another to Detroit Tigers

By The Canadian Press
Those hard-to-put-down New York Giants hung to their slim two-and-one-half game National League lead today as Prince Hal Schumacher found his stride for the first time in a month and hurled them to a 3-1 decision over St. Louis Cardinals.
It was the first time in two weeks that the Giants had put two consecutive wins together.
Not only did Schumacher hold the Cards on ice in the fifth by shutting a long homer into the upper left field stands.
Umpire George Barr worked too. He ended an argument with Cardinal Manager Frankie Frisch by sending the St. Louis mentor from the game in the second inning.
Meanwhile, visiting at Brooklyn, the threatening Chicago Cubs kept right on winning. Larry French, the Cubs' southpaw ace, picked a three-hit game to trounce the Dodgers, 7-3, for his third straight mound victory.

PHILS BEAT PIRATES
The Philadelphia Phillies won their third straight contest by a one-run margin, beating Pittsburgh, 2-1, at home, while the seven-hit pitching of Deacon Danny McPadden gave the Boston Bees a 2-1 decision over the Cincinnati Reds at Boston.

Met Harder limited Boston to seven hits today, and as the Cleveland Indians took a 6-4 decision and lengthened their American League lead to three full games over the Red Sox.
At Detroit the world champion New York Yankees looked anything but that as Rody Roy and Hank Greenberg both hit circuit clouts and gave the Detroit Tigers a 7-3 victory.

The other two battles in the full American schedule saw Harold Giff score the winning run as the lowly St. Louis Browns licked the Washington Senators, 4-3, in thirteen innings, and Chicago White Sox trounced the Philadelphia Athletics, 7-4, with the aid of three homers. They came from the bats of Mike Walker, Rip Radcliffe and Mike Kreevich, and accounted for all but one of the Sox' runs.

VERLEY AND CRAN REACH GOLF FINAL

To Meet Next Sunday for Championship of Uplands Club

R. Cran and Gordon Verley will fight it out next Sunday over the thirty-six-hole route for the men's championship of the Uplands Golf Club. In the quarter and semi-finals played at the course over the week-end these two shotmakers stroked their way to final victories. The morning round was featured by the elimination of the tournament medalist and defending titlist, Harold Brynjolfson, by Bert Challenor on the final green, two up.

In the semi-finals, Cran ousted Challenor, 3 and 2, and Verley accounted for Vic Painter, a former champion, at the nineteenth green. It will mark the first time that Cran and Verley have been in the final.

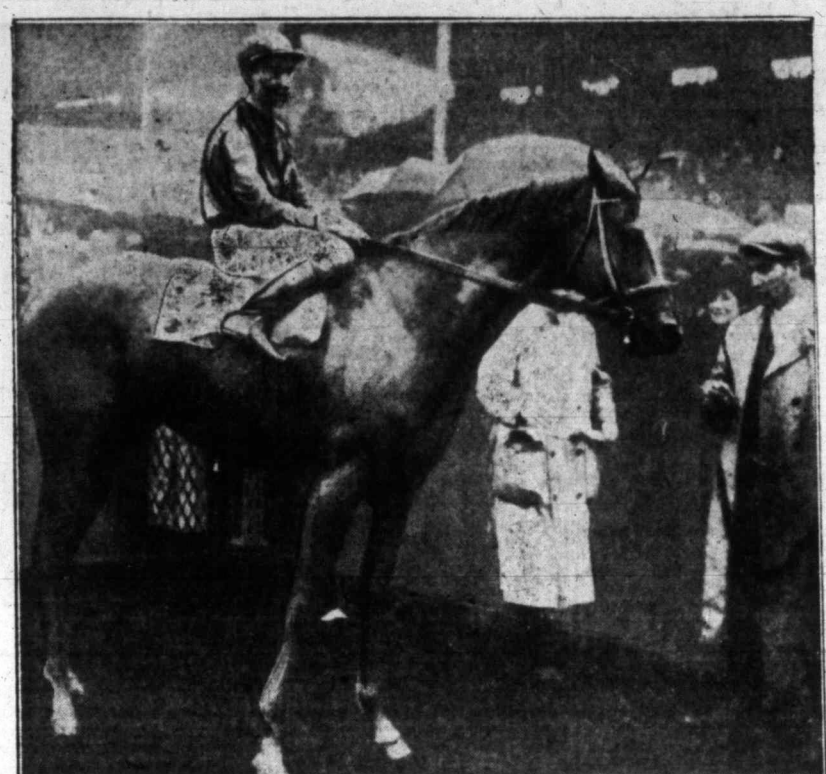

The cards of the finalists follow:

VANCOUVER, May 25 (P).—Vancouver Maple Leafs landed on two Bellingham pitchers for sixteen hits tonight and an 8-3 victory over the Chinooks to take their current Western International baseball League series three, games to one.

The Leafs opened the scoring with a run in the second. Five hits and a walk brought four more runs in the fourth. Chinooks broke into the scoring with a three-run drive

Just After Winning Preakness in Mud

Splattered with mud Dauber, with Jockey Maurice Peters up, is shown in the ring at Pimlico race track after he had run away and hid on his field in the Preakness Stakes. Dauber, from William Dupont, Jr.'s Foxcatcher Farms, covered the mile and three-sixteenths in 1:59 4-5, coming like wildfire after a lagging start to finish seven lengths in front of the dark horse, Cravat, who was a nose in the van of the pacemaker, Menow. Dauber finished second in the Kentucky Derby behind Lawrin.

CANADIAN CHAMPION AMONG FAVORITES IN RUNNING FOR CROWN

Somerville Rallies to Defeat Bob Rutherford as Play Continues at Troon Links—Johnny Goodman Leads American Contenders—Robert Sweeney, the Titleholder, Eliminated

TROON, Scotland, May 25 (P).—A select thirty-two, including such magical golfing names as Tolley, Torrance, Goodman, Kocsis and Haas, remained tonight of the more than 200 who started Monday in pursuit of the British amateur crown—and Canada's Sandy Somerville was among them.

In a long day of double firing that cleaned up the second round and accounted for the third; that saw the defending champion, Robert Sweeney, swept into the yawning bunkers, and such stars as old Francis Ouimet, of Boston; English Champion Frank Pennink and Scotland's own Gordon Peters fall by the wayside, Silent Sandy came marching home with victory after giving Canadian hopes a jolt with a wobbly start.

Bob Rutherford, of England, took advantage of Sandy's errors and had the London, Ont., veteran one down at the turn. But Somerville rallied on the home stretch, shot seven holes in one under four, and wound up with a 3 and 2 victory.
In the fourth round tomorrow, Walter S. McLeod, of Ranfurly, England, will try to snuff out Somerville's attempt to win the only major amateur title to evade him. Many times champion of his native Dominion, he is the only Canadian ever to win the United States crown.

GOODMAN ADVANCES
The man he beat for the latter bauble in 1932—Johnny Goodman, who, incidentally, now holds it—retained his fine form today and advanced with a 6 and 5 win over Albert Briscoe, of Ireland. Goodman was one of the four remaining American threats. Charley Kocsis, young Detroit player; Freddie Haas, New Orleans star, who wore the Canadian amateur purple in 1936, and long-hitting Charles Yates were the others.

In addition to Ouimet, the Walker Cup team captain, who was beaten, one up, by burly Cecil Ewing, of Ireland, Reynolds Smith was lost to United States forces. Jocelyn Walker, former Cambridge captain, eliminated him, two up.
Kocsis disposed of John S. Montgomerie, 4 and 2 today, while Yates defeated Pennink, 3 and 2, in the morning, then defeated Stanley P. Morrison, 5 and 4. Haas' victims were Dr. J. D. MacCormack, by

7 and 5, and Derek A. Drayson, 4 and 3.
Most brilliant spot of golf during the day was shot by H. W. Hattersley, Australian champion in 1930. It was fired at Gordon Peters, the braw swifter carrying many Scottish hopes, but it was so scintillating even the dour Scots in the gallery had to gasp in admiration.
The Australian was par 36 going out and only managed to hold Peters even. But he birdied four on the back nine to win, 4 and 2. He holed a sixty-yard chip on the tenth and a putt of the same length at the fourteenth.
Defending Champion Sweeney, the American-born Londoner whose victory in 1937 was a distinct surprise, was defeated, 5 and 4, by the little-known Dr. W. M. Robb in a second-round engagement.

TOLEY TRIUMPHS
Hector Thomson, of Scotland, a former British champion, defeated O. E. Grant Govan in the morning and J. A. Lang in the afternoon, both by the slim margin of one hole. Cyril Tolley dropped Frank Bird by 4 and 3 and T. A. Bourn by 2 and 1.
Leonard Crawley, hailed as a little threat on the strength of his early-season form, also stroked successfully through two rounds. The victims were Johnstone Godfrey, buried under an 8 and 6 score, and Count John de Bendor, the 1905 champion when known as John de Forest, trimmed 2 and 1. Tony Torrance knocked James Dyke out by 2 and 1 in the morning and defeated William Sutton by 4 and 3 in the third round.

Although Somerville's game developed the "bends" and landed him in the sand and grass patches, he still shot a two-over-par 36 on the first nine. His play on the first hole, running from hot to cold, was what he fought against almost all the way out. His approach on the first caught a bunker. He blasted out perfectly to land a yard from the cup, but with a seemingly certain half in his grasp he fooled the putt.
He squared the match on the tenth, but dropped the eleventh to Rutherford's three. Then the determined Canadian's game started clicking and his 4-3-3-4 was good for four straight wins and the match.

Cameron Lumber Is In First Place After Beating Hollywood

Emery's Homer, With the Bases Loaded, Decides 10-6 Softball Tussle—Macdonald Electric Trims Saanich Construction by Big Score

HOW THEY STAND

	W.	L.	Pct.
Cameron Lumber	3	1	.750
V.L.A.	2	1	.667
Saanich Construction	2	2	.500
Macdonald Electric	2	2	.500
Hollywood Club	2	2	.500
Burns & Co.	0	3	.000

Last Night's Scores
Macdonald Electric 19, Saanich Construction 6.
V.L.A. 5, Burns & Co. 3 (ten innings).
Cameron Lumber 10, Hollywood Club 6.

Driving Sid Carr, Hollywood Club slow-ball hurler, from the hillock with a five-run scoring spree in the fourth inning, Manager Jack Pascoe's shuffling Cameron Lumber softballers last night came from behind to defeat the clubmen, 10-6, at the Royal Athletic Park. The victory boosted the lumbermen into first berth in the race for the bunting.

Roy McLellan, Cameron Lumber twirler, bumped into trouble as early as the first frame, where he was nicked for five safeties which, coupled with fumbles by his clubmates, allowed the Hollywood Club to push across six runs. However, for the rest of the journey, McLellan settled down and pitched smart ball, allowing only four scattered bingles in the last eight frames.

Lumbermen collected fourteen safeties including Archie Emery's four-base hit in the fourth with the bases loaded. Carr was nicked for eight hits during his three-inning stay, and Harold Price, his successor, allowed six bingles.

Score by innings:
R. Cameron Lumber..... 012 500 110-10
Hollywood Club..... 000 000 000-6
Batteries: McLellan and Harris; Carr, Price and Berry.

ELECTRICS WIN
Pounding out sixteen hits, includ-

ing a circuit by Gainsbury and three triples by other members of their team, Macdonald Electric trounced the Saanich Construction, 19-6, at Hampton Road. The eventual winners took a five-run lead in the second stanza and boosted their total as the game progressed. Ono, Campbell and Westgate, trio of Saanich hurlers, paraded to the mound in an attempt to halt the Macdonald Electric.

Score by innings:
R. Macdonald Electric..... 053 135 2-19
Saanich Construction..... 000 240 0-6
Batteries: Byers and Gray; Ono, Campbell, Westgate and Paine.

DRAWN GAME
Driving over a trio of markers in the ninth inning and knotting the score at 5-5, V.L.A. came from behind to pull up on even terms with Burns & Co. in a ten-inning struggle at Victoria West Park. Burns & Co., playing their best ball of the season, were in front until the first half of the ninth frame.

Score by innings:
R. V.L.A..... 000 010 013 0-5
Burns & Co..... 121 100 000 0-5
Batteries: Bonner and Dunnett; Moir and Caddell.

WOODMEN WIN ANOTHER
Colwood Wood, undefeated leaders in the "B" Section flag race, ran their winning streak to six straight games yesterday evening at Victoria West Park, when they defeated the Esquimalt Athletic Club, 10-4. The woodmen took a 3-1 lead in the second inning and were never headed.

Playing at Beacon Hill Park, Manager Ed Whyte's Young Liberals turned back the second-place Emco squad, 8-6, in a keenly-contested tussle. Emco held the lead once during the game when they were in front, 5-3, at the end of the fourth stanza. Young Liberals took a 6-5 lead in their half of the next frame and stayed in front for the rest of the distance.

LIFE'S LIKE THAT

By Fred Neher

"Her Husband Must Not Be Workin' Again, Judgin' From the Size of the Ball!"

Jane Dixon Says:

A MAN WHO ASKS A WOMAN TO MARRY HIM, KNOWING SHE LOVES ANOTHER, LACKS SPIRIT, PRIDE AND COMMON SENSE.

Why is it our hearts can be so perverse, yearning over the one who is indifferent to us, turning away from the one who offers us a rich and robust affection?

No pain is more poignant than the pain of unrequited love.

There is no cure for unrequited love save time, determination and an abiding faith in the wisdom of God's plan.

Dear Miss Dixon: I've been in love with a young man for more than a year. He doesn't seem to care very much for me. He has told me he likes me a lot, but that doesn't mean he loves me, does it? His heart must be a stone. He knows I love him for he asked me, and I told him the truth. He will ask me for a date, then a month or more elapses before he asks for another. When I'm with other men I can't keep my mind on what we're doing or saying. I think only of the One.

Last Summer I met a man a few years older than the first boy; he asked me to marry him. I don't love him. I can't. I keep hoping that No. 1 will care for me enough to want me for his wife. I try so hard to change my heart, for No. 2 does many nice things for me—buys me gifts, takes me to the movies and riding; he always is trying to please me. He knows I love No. 1, but is still willing to marry me. He hasn't any work, nor has he money of his own, but he contends that we could be happy if we married and went to live with his parents until times get better and he finds a job. To me, this seems out of the question.

Do you think No. 1 will ever love me seriously? Would it be better for me to try to forget him—though that is impossible, I'm sure.—Heart-Break.

Comment: The young man knows you love him. If he returned that love he would not leave you in doubt as to the state of his affections. There is a vast difference between "liking a lot" and loving.

A man who seeks to marry a woman, knowing her heart belongs to another, is lacking in spirit, in pride and in sound common sense. The chances of such a union as you consider being a happy one are about one in a thousand. Be friendly with both of these young men, but keep marriage out of your plans until you find a love that is mutual.

X-RAY BEST SINGLE TREATMENT FOR ACNE—PIMPLES

write frequently about acne—pimples—because this skin eruption occurs when the boy and girl are entering manhood and womanhood, and particularly in the case of girls, when their appearance means so much to them. It is estimated that about 60 per cent of boys and about 80 per cent of girls have some pimples, which may last until they are twenty-five or thirty years of age, certainly a most important time in life from the standpoint of social and business life.

Now what are pimples and what causes them?

The skin needs oil to keep it soft and pliable and at this age—puberty—there is increased action of the skin surface, particularly about these little glands that make the oil for the skin. However, at puberty the little hard skin cells about the openings of these glands on the skin become harder and thicker (like the hard tissue of a corn), so that the little openings from the oil glands get crowded, the oil thickens and can't pour out onto the skin. Instead of being in a fluid state it becomes solid so that if the little oil well is pressed, a white, wax-like thread or "worm" comes out. As the skin gets dusty or dirty, this white stuff has a black

top and so it is called a "black-head." As this white oil is really a "plug" to the opening of the gland, the oil behind it, ready to come out on the skin, doesn't move and becomes infected by little pus-making organisms.

Dr. L. Orecklin, Detroit, in Medical World, says: "An imbalance of the glands (lack of balance among the various gland systems—thyroid, sex, pituitary and others)—is considered to be the underlying cause of acne. Because of this imbalance, these little oil glands become irritated by substances that normally should cause no irritation."

In the treatment of acne, the general health is important, as many acne patients are constipated, may eat too much of the wrong foods—candy, chocolate, cheese, nuts—may have thin blood, or may have some low infection present.

Although many physicians have considerable success with the use of viosterol, pituitary and other gland extracts, Dr. Orecklin, in agreement with most physicians, states that any case of acne that does not improve within a few months under the usual treatment should have X-ray treatment. The X-ray acts by preventing this over-activity of the oil glands and the pus and organisms are gradually cleared away by the circulation of the blood.

Father (sternly): "My girl, I don't like that young man you're going about with."

Daughter: "Well, he's not exactly eaten up with you, dad."
